19 In the present case the Director of Fisheries in Mysore, Bangalore has forwarded an estimate for Rs.21.10 lakhs which relates to the development of Fishing Harbour at Malpe. The execution of this work will be through the agency of the States Ports Department. For the current year there is an allotment of Rs.50,000/- towards undertaking the work. The Chief Engineer, Communications and Buildings has scrutinised this estimate of Rs.21.04 lakhs and found it to be correct. It is now necessary for the Finance Department to grant administrative sanction to the estimate for Rs.21.04 lakhs. If this is done the Executive Engineer, Ports Division will be enabled to take up this work on behalf of the Fisheries Department and it will thereafter be possible to spend the allotment of Rs.50,000/- during the current year under the head of account "103 Capital Outlay on Public Works - Buildings Scheme on the plan fo constructing of Fishing Harbours at Malpe and Coondapur.

20 As pointed out by the Director of Fisheries the programme for constructing will be spread over 3 years and not more than Rs.50,000/- will be spent during the current year. Early administrative approval to the estimate is requested, from the Finance Department so that orders may be issued to administratively sanction the estimate by the A & F Department on the basis of (a) concurrence of the PWD which can now be presumed, (b) concurrence of the Finance Department which is hereby requested.

22/7

24

25

It is not the PWD who are to finance the expenditure programme for 21.10 lakhs. The funds have to be provided by the Director of Fisheries and placed at the disposal of the State Ports Department. Secondly, the responsibility for provision of funds under the Head of Account "103 Capital Outlay on Public works - Buildings Scheme for construction of Fishing Harbours at Malpe and Coondapur" will vest in charge of Fisheries, in otherwords Agriculture and Forest Dept. Therefore, it is suggested that the Agriculture and Forest Dept may kindly be addressed for revising the Outlay of the programme from Rs.8 lakhs to Rs.25 lakhs for the 3rd Five Year Plan. This will enable the provision of 21.10 lakhs for the Malpe Scheme. Unless the Agriculture and Forest Dept. take the initiative in this direction, it is not clear

Secy (F.20)

48) The total Plan provision for Fisheries for the Third Five Year Plan is Rs.130 lakhs and in the current year, the ceiling is Rs.30 lakhs. As it is, during the current year on account of the Indo-Norwegian Project and to provide mechanised boats to the fishermen, which is really a paying proposition, we have sanctioned about Rs.15 lakhs more than the Plan ceiling.

49) The present proposal of the department is to spend an amount of Rs.120 lakhs to develop the Malpe Harbour as a fishing harbour under the technical assistance of Yugoslavia. This matter was taken up by our Forest & Fisheries Minister with the former Food & Agriculture Minister of Govt. of India, Shri S.K.Patil, and the department now propose that we should agree to this scheme. From Shri S.K. Patil's letter dated the 19th August 1963, it is clear that while the Government of India has decided to utilise the assistance offered by the Yugoslavian Government for the Malpe Harbour, it appears the Govt. of Yugoslavia has not finally agreed at the time Shri Patil wrote the letter. His letter clearly says " subject to the

Note.—Contn. Sheet

concurrence of the Government of Yugoslavia who are being approached to send a technical team for surveying the facilities available at Malpe". His letter further says that out of Rs.120 lakhs estimated cost, Rs.60 lakhs will be in the shape of foreign exchange and for the other Rs.60 lakhs, according to the pattern, we will get 50% from the Govt. of India as subsidy and 50% by way of loan; that is, out of Rs.60 lakhs, we will have to meet Rs.30 lakhs which will come to us by way of loan. It is not clear from Shri Patil's letter whether this has to come within the Plan ceiling or outside the Plan ceiling. Anyway, the main point now is that it is not known to us whether the Yugoslavian Government has finally agreed or not. I think the A & F Department should now write to the Government of India to find out whether they have finalised the deal with the Govt. of Yugoslavia. If it is finalised, the A & F Department should impress on the Government of India that the entire amount, both subsidy and loan, should be outside the Plan and this should be treated as a centrally sponsored scheme. In view of the food shortage and the employment this harbour is going to create for the economically very backward section of the fishermen it should be possible to persuade the Government of India to have this as a centrally-sponsored scheme. F.M. desires that the Finance Department should again be approached after getting the final reaction of the Govt. of India in this matter.

	Ref: Letter dt 19/11/65 from the DF (M 89 ef)	
	✱ With reference to the letter from the G.I.F.D 16/10/61 in which this Govt has been requested to meet the expenditure of 1.00 lakhs required by the firm 2 West 2 four Co.'s for the preliminary survey of Malpe Harbour, plan on the subject of the DF stating that the Ministry of Fisheries has enjoined the Union Ministry agree to meet the expenditure. Hence the Ministry of Fisheries may kindly see the letter of DF. The DF in his covering letter dt 2/11/65 has stated that already has granted an advance the expenditure of 1.00 lakhs proposed by the Govt of Mysore. He has also requested this Govt to provide for meeting the expenditure. For order.	92

G.O.I. telegraphic reminder for the G.O. Th 93

Please see the letter of the G of I 93
at p. 88 c/f. calling for the acceptance
of this Govt. to meet the expenditure
of Rs. 1.00 lakh in connection with the
visit of a team of experts to conduct
a survey regarding the development
of fishing harbour at Malpe, S.K.
Dist. The D.F. whose remarks were
called for in the matter has intimated
that it is possible to meet this expenditure
out of the provision of Rs. 5.00 lakhs
provided under Crash Programme for
model tests, surveys, etc. Please see
page 91 c/f.

For consideration as to this our 94.
agreement to meet the expenditure may
be communicated to the G of I.

Subject Fishing Harbour at Malpe. **File No** DF 86 MFS 65

References and markings	Notes and Orders	Para Number

Letter No BRW/3435/65-66 dated 4-3-1966 from the Director of Fisheries.

Please see the remarks of the LD in para 110 N/F and the draft of the Agreement at page 131 c/f forwarded by the Govt. of India. A copy of the draft Agreement was referred to DF for his remarks. In reply, the DF vide his letter at page 145 c/f, while giving details of provision made for the purpose, etc. has suggested that the draft agreement may be accepted after examination, if necessary, by the LD. In this connection please see the remarks of the LD in para 110 N/F. 118

Since the DF has not commented upon any of the clauses in the draft agreement, it may have to be presumed that the terms & conditions are acceptable to him. As the circumstances the file may be referred to LD/LD for comments. 119

A brief history of the case is also given in the letter of the DF under reference.

DF(Plans) 6/11 5/3

DIRECTOR OF AGRL. PLNG. CELL
No. 1550.
Date - 7 MAR 1968

There are two things still incomplete before we can solicit advice of FD and LD. 120

Firstly DF has not specified cost involved by agreeing to article 2. 121

Note Continuation Sheet

1550

Heavily saying it will cost Rs 2 or 3 thousand will not be enough. One or two passenger cars above will cost R 18 000/- to 36 000/-. Other about office equipment. All this must be ascertained before we go to F.D. D F's real problem is what is the length of time for which the saving will last. This may be obtained from E&I at once and similarly DF may be asked to give a rough estimate for a hypothetical period of 3 months.

Secondly Min of Finance 122. Dept of Econ. Affairs E&I have not yet given us any instructions vide their U.O. No. 1(17) E1/65 dt 29.12.65 referred to on p. 139 C/F. Pl. find out how Rs. are held should be deposited and payment arrangements made. Copies of Min. of F&A letters may be endorsed to E & DF.

	Secretary Agriculture & Forest Dept. is attending the meeting of the 24th Standing Committee of the Indo Norwegian Project being held in the Conference Hall at Vidhana Soudha. There is a great urgency in finalising Malpe Fishing Harbour. The most important thing is to finalise the agreement and pay a sum of Rs. 1 lakh to the Yugoslav Experts. In order to do this we must get the Yugoslav party, namely, Representative of M/S Invest Imports Company of New Delhi to come to Bangalore and purchase stamp papers worth Rs. 250/- and sign the agreement. Therefore a telegram must issue to M/S Invest Import Co. at once. In view of the urgency I am issuing this telegram inviting M/S Invest Imports to come to Bangalore. Telegram already placed below and approved by me may please issue at once.	148

The Yugoslavian party met the Secretary, A&F Dept. along with the Director of Fisheries this morning. They have requested modification of Article 5 (Flag X) dealing with arbitration. They feel that the present Article is unilateral. This matter was discussed with them and they felt that if we can say that arbitration will be under the provisions of Indian Arbitration Act and leave it at that it will be sufficient. Secretary, A&F and I personally took the file and discussed the matter with the Additional Law Secretary. He kindly advised that there is really no need for an arbitration clause in the agreement. However if the parties feel that there is a need then there is no harm if each of the

I have also discussed with FD – DS/LIS (Shri ATHREYAS). He feels that it may not be proper for CE to release this amount as the is no actual expenditure or consumption to be eligible for payment under "107. Capital Outlay". However, it was suggested that if we can surrender Rs 1 lakh out of 107 Capital Outlay and include it in 31 Agriculture Finance under Revenue expenditure this could be done. At present there is no Centrally sponsored schemes under 31 Agri. Finance. But this is only a technical formality and so I am not following under which Head of A/c we put it. So, a new Head of A/c could be opened and an advance from Contingency fund could be drawn.

Accordingly I agree to

DF and explained the situation. He pointed out that in the case of Mangalore Port, PWD have released money under LOC Capital outlay on behalf of DF and so there is no reason why they should not release to the Fisheries authorities ~~now~~ however. He agreed that he will immediately send a proposal for ~~withdrawal~~ sanctioning Rs 1.00 lakh from LOC Capital outlay and request for a new head of a/c under Central Sl Agri. Fisheries Schemes, and also sponsored ad hoc Contingency fund. ~~He~~ DF's proposal is awaited.

Indian amount under the Centrally Sponsored Scheme.

(8) 20/10

Please see para 10 of M/F and the letter of the Govt. of India at P. 339 C/F. The Govt. of India have intimated that the claim of the firm for increasing the value of Rs. 1.00 lakh by 57.5% will have to be accepted. This means will have to be accepted. This means the State Govt. will have to pay an additional sum of Rs. 57,500/- to the firm. 107

Since repeated reminders are being received from the firm for payment of this amount, the position may be intimated to the D/F and he may be requested to indicate the source from which this expenditure can be met. It is very unlikely that the Govt. of India would help us in this regard. 108.

Illegible
20/10.

DS (Plang).

M. S. NANAMAYA,
Under Secy. A & F Deptt.

I am afraid we have limited choice. We may have to pay Yugoslav firm R. 57,500 more in addition to Rs 1 lakh paid already. I feel we should write to G.O.I. and to meet the entire cost as a Centrally sponsored scheme. Meanwhile I would like FD to see the file on the point of A&FD previling upon G.O.I to meet entire cost as proposed above. 109

Finance Department (Budget)

110) We have no choice at all. The Government of India, Ministry of Finance, Department of Economic Affairs in its letter dated 12-10-1966 have informed the State Government that the claim of the firm for an increase of Rs. 57,500/- is in order and has to be accepted. The Agriculture and Forest Department may sanction this expenditure. The Director of Fisheries may also be authorised to incur incidental expenditure on remittance of the amount. The expenditure may be debited to '31. Agriculture - n. Development Schemes - (ii) Centrally Sponsored Schemes - III Fisheries Department - (1) Fishing Harbours'. It will be met by reappropriation in due course. It is not necessary to consult the Director. From the Firm's letter dated 14-10-1966 it seems the Director of Fisheries has not paid the firm the amount of Rs. 1.00 lakh sanctioned in Government Order dated 13-5-1966. This may be ascertained from the Director. As the firm is pressing for the payment, the Director may be requested to arrange early payment of the entire amount.

111) The pattern of assistance for similar schemes in State Plan is 50 per cent grant and 50 per cent loan. The survey of Malpe Port is treated as a Centrally Sponsored Scheme. If the A & F Dept. wants to approach Government of India for 100 per cent grant, Finance Department has no objection.

U.S., A.P.C.

On reconsideration I do not see why we should send a copy of the contract agreement to UCO Bank as we are not their clients. The two parties are their clients and they also have their original copy of the agreement which they can give to the UCO Bank. Further, why should we give a copy of F.I. Form letter to Commercial Bank? 133

M. G. S. | *Subject:* FISHING HARBOUR AT MALPE. | *File No.*AF 86 VFS 63.

WD 01050—GPB—8,00,000 13-12-65

I do not follow the reason. Moreover UCO bank have only endorsed their letter to DF. Therefore letter dictated to DF may be issued.

145) From what I see in the file ~~[illegible]~~, it appears to me that based on the Preliminary Reports — the next steps have to follow - i.e. (2) preparation of project Report for the entire scheme. and taking up the Scheme for implementation. The total scheme was estimated in 1963 at Rs 120 lakhs out of which Rs 60 lakhs was for foreign exchange. and the period required was 3 years for implementation — with Yugoslav assistance.

Letter of K. S. Murthy D-5. Ministry of F&A. Go. I. on Pages 83 (C/F)

146) The total cost initially for initial Survey (now done and reported). (2) preparation of project report for entire scheme (other than the fishing harbour) auxiliaries & installations, (3) supervision of civil works and installation of machinery etc — was Rs 4 lakhs. We had agreed for Rs 1 lakhs for the initial Survey (which went up to Rs 1.57 & odd owing to devaluation).

147) The scheme was to be implemented by the State Govt with Yugoslav assistance. and the Centre was to give 50% subsidy (or grant) and 50% loan. for The foreign exchange component the Yugoslav assistance was expected.

148) The next steps appears necessary is vetting the preliminary report by D.F. & P.W.D (mostly P.W.D) with [illegible] — I expect owing devaluation, the foreign exchange part will go up by about 60% (by Rs 36 lakhs) and the rest at least by 25% 30%. The Total Cost may now exceed Rs 160 to 180 lakhs.

57½ %

149) Please now take action —

(a) to ask D.F. to give his remarks.

(b) Send one set to P.W.D for their views

75

Subject: **File No.** AF86VF563 **M. G. S.**

(3) Write to G.o.I about the present cost and their assistance ~~of~~ Grant & Loan in Plan. (after checking up on budget Provisions. 1405/Dev

(4) Put up a brief history and main Points of the scheme for appraisal and information of the minister.

If Considered necessary, a meeting may be arranged inviting Secy P.W.D (with officers Concerned), ~~D.F.~~ & ~~F.D.~~ representative for discussion (after they have seen the reports). It would facilitate if the brief note as indicated above (4) is also sent to these officers. 150

as per the details given in his letter dated 31-10-67. He also suggests to accept the basic solution for Site Plan Drawing in principle and proceed with the preparation of Civil Engineering Project for the construction of Fishing Port. The Secretary, P.W.D. will be requested to give instructions to the Director, Engineering Research Station at K.R.Sagar to conduct the tests and then give the considered opinion of the Public Works Dept. regarding the selection of the Site and the Design out of the two proposals made by the Yugoslav consultants, who have prepared the feasibility report. The Scheme carries a central Assistance of 100 % Grant by the Central Govt under centrally sponsored Scheme vide this letter 30/10/67 433c

Husbandry & Fish...

175 According to Govt of India letter dated 30th sept. 1967. (Page no. 433 AF-86-B75-63), the 100% grant from C.O.D. is from 1-4-67. It is not clear whether we have incurred any expenditure during the current year or whether it is possible to incur expenditure during this year. Government of India are anxious to get the report from the Yugoslave

experts for their Study.

I donot know whether we have ~~sent a reply~~ replied to sent a reply to this letter. Again the letter dated 31-10-67 from the representative of Invest-Impact, indicates certain line of action according to which plan No. 14-2-03.02 would be best, and therefore want immediate action to be taken on the part of Rayse Govt. It is, however not clear whether the proposed testing of ~~break~~ breakwater line is linked with the starting of the work as a whole, or, could be independently done. The Secy. A+F is requested to clarify the position. I am anxious to avoid further delay, Secy. may pl. see me to-morrow at 12. noon.

Kind attention is invited to para 29 (202
N/F 9 PWD file no. PWD 49 PSP 67
flows below. I feel referring the
matter to sub-committee now
will further delay matters. The
regular assistance was there before
the Indo-Pol team came. Technical
opinion of PWD has already
been obtained on this subject.
Now if this should be referred
to sub-committee I doubt if
we can claim F.A.O. assistance
assured for this project.

Perhaps a meeting with (203
Hon Fisheries, Hon PWD,
and Secy A&F on this subject
might help to arrive at an
earlier solution.

Subject: DEVELOPMENT OF MALPE FISHING HARBOUR WITH YUGOSLAV ASSISTANCE.

File No. AF 86 VFS 63 (~~Part~~). 109

(250)

The main file on the subject has been submitted to C.S. and C.M. for kind information of action taken with the approval of the Minr. of State for Fisheries in writing to G.O.I. indicating agreement of Govt. to the basic solution offered by Yugoslav Team Experts. Concurrence of G.O.I. to the civil works to be treated as Centrally Sponsored Scheme at the enhanced price is awaited. Miny. of Food & Agri., G.O.I. have also been addressed to convene a meeting with the Miny. of Transport, G.O.I. & the State Minr. for Fisheries for arriving at a speedy implementation of the programme.

2. A meeting was held in the chambers of the Minr. of State Fisheries on 29-7-68. Draft proceedings of the meeting are placed below for confirmation.

11 M. G. S.

WD 01050—GPB—8,00,000 13-12-65

Minr. of State for Fisheries phoned me today (2.8.68) and desired the following actions to be taken at once:-

1. Brief note as well as connected papers should be sent to G.O.I. immediately for discussion with Mr. Chakravarti, Secy. to G.O.I., Miny. of Transport before 19-8-68.

2. Draft letter may be put up from C.M. to the Union Miny. of Food & Agri. with a request to expedite implementation of the Development of Malpe Fishing Harbour from the side of Centrally Sponsored Assistance from G.O.I in the construction of the Fisheries Harbour.

3. Minr. for Fisheries will be proceeding to New Delhi on 19.8.68 in this connection. He also suggested that the concerned officers may be present. The officers connected and as agreed to by the Minr. are Secy., P.W.D., Secy., A. & F I/c., Dir. of Fisheries, State Port Officer, Karwar (Capt. Kumaran). As the exact date of meeting is not known, it is presumed that the meeting will take place on 19-8-68 and will be over either on 19th or 20th. In any case to allow time for discussion at G.O.I. I am taking 19th and 20th for meetings and discussions with the G.O.I., Miny. of Transport and Miny. of F. & A. If appd., a G.O. will issue authorising the above officers to go to Delhi in this connection for discussions on 19th and 20th August 1968.

Draft letter from the C.M. to the Union Minr. for Food & Agri, is placed below for consideration.

273

Regarding development of Malpe Fishing Harbour the Minister for State for Fisheries and Ports held a round of discussions with the concerned Ministers in the Ministry of Food and Agriculture, Government of India, New Delhi between the 21st and the 24th August 1968. As desired by the Minister of State for Fisheries and Ports the Director of Fisheries and the Secretary, Agriculture and Forest Department (in charge) were also present at the time of discussions. The Director of Fisheries and the Secretary, Agriculture and Forest I/c also met the Joint Secretary, Government of India, Ministry of Food and Agriculture (Department of Agriculture) Shri Godwin Rose who deals with Fisheries and also Shri G.N.Mitra, Joint Commissioner for Fisheries Development in the Department of Agriculture, Govt. of India.

274

The feasibility report on the development of Malpe Fishing Harbour with Yugoslav assistance has already been furnished to the Government of India. Unfortunately Shri K.Chidambaram, Deputy Commissioner, Fisheries who is well acquainted with the case was not available as he was on leave. However Shri G.N.Mitra, Joint Commissioner for Fisheries who is fairly conversant desired that the State Government should take immediate steps to expedite the finalisation of the proposal regarding the starting

WD 01050—GPB—8,00,000 13-12-65

of Fishing Harbour at Malpe with Yugoslav assistance.

The State Government in the first instance should send a copy of the engineering report finalised at the K.R.Sagar Engineering Research Station. I have in mind the discussions held with Dr.Doddiah, K.R.Sagar Research Station when Dr.Doddiah has given technical clearance for the basic solution of construction of the Malpe Fishing Harbour given by Yugoslav Experts in the feasibility report. He has shown that the basic solution with a depth of 13' will be adequate to enable ships of 18/14 meters to pass through without having to resort to construction of break waters as previsouly envisaged. The engineering report by Dr.Doddiah will have to be given to the Government of India to show that from the technical point of view the research opinion clears basic solution for the construction of Malpe Fishing Harbour.

Thereafter we should work out the probable expenditure for the construction of the Fishing Harbour. The Yugoslav report envisages nearly Rs.2.37 crores for the construction of Harbour project alone. This is exclusive of the Fishing Vessels, Cold Storage plant, Floating Docks and other such like equipment, all of which will cost nearly Rs.9 crores. M/s Invest Imports of Yugoslav have since given the break-up of the cost of designing, consultation and supervision at roughly Rs.45,60,000/- and the cost of completing the civil engineering works will be Rs.3.04 crores. All-together the total cost of the Harbour Construction will be

around Rs.3.5 crores. The Joint Secretary, Govt. of India Department of Agriculture Shri Godwin Rose felt that Rs.45.6 lakhs for the designing, consultation and supervision was on the high side and moreover the Government of India have also a policy decision that in matters where the technical knowhow and the skills available in India should be utilised to the optimum level and the assistance from Foreign Consultants should be reduced.

217) At the time of discussion with G.O.I., the Ministry of Transport were also contacted. The Deputy Director (Ports) Ministry of Transport advised that State Government should submit the current estimates of construction, net return, interest and depreciation etc., to be worked out. These could be got scrutinised and corrected unofficially by the Development Adviser (Ports) Ministry of Transport and then copy submitted to Government of India.

218) Ministry of Food and Agriculture are willing to depute Sri M.C. Deviah, Assistant Director of Fisheries to help State Director of Fisheries for the preparation of the necessary technical clearence report, working of the economics of the proposal, preparation of the expenditure Finance Committee Memo, and also the possible gains from landings of fisheries.

219) The fact the land belongs to state property will have to be made clear. Maintenance of the port will be the responsibility of the State. We will have to indicate the charges for land and maintenance. Then

Then we will have to show that portion of the expenditure which will be borne by G.O.I. in accordance with G.O.I. letter No.25-2/66-FY(D), dated 30th September 1967 on page 433/cf. The following are the items of work that will be covered by G.O.I. as central assistance of 100% grant under the fishing Harbour Project:

i) Protection works such as breakwaters and groynes.

ii) Construction of quays, wharves and jetties;

iii) Dredging and reclamation;

iv) Slipways;

v) Approach roads in harbour auction hall and packing hall, ice plant, cold storage etc.

G.O.I. will not meet cost of construction like boat building Yards, Offices and quarters etc. (280

On return to Bangalore I have supplied to D.F. with the copy of the Fisheries Development in 5 Ports of India prepared by Sri G.N. Mitra, Joint Commissioner of Fisheries, G.O.I. I hope D.F. has by now prepared the scheme. D.F. may also advise whether Sri Deviah, Assistant Director of Fisheries, G.O.I. has arrived to help to prepare the scheme. (281

D.F. may be contacted to keep in touch with Secretariat closely on the subject and expedite submission of necessary papers to G.O.I. (282

On 24-8-68 on a suggestion from the representative of M/s. Invest Import in New Delhi, the Minister of State for Fisheries consulted an to pay an informal visit to the (283

120

office of the Yugoslav Ambassador. I had contacted the Chief of Protocol in the ministry of External Affairs, G.O.I., on finding he was not available, spoke to another officer in the office of the Chief of Protocol and ascertained if it will be in order for the Ministry of State for Fisheries to pay a visit to the Yugoslav Ambassador in New Delhi merely as a matter of courtesy in connection with the development of Malpe Fishing Port with Yugoslav assistance. I was informed that this would be in order provided the matter is brought to the notice of the concerned administrative ministry in G.O.I. who in turn will advise the Ministry of External Affairs. Accordingly, I have informed the Ministry of Food and Agriculture (Dept. of Agriculture). I endorsed a copy to the Ministry of External Affairs. Further, at the meeting that took place with the Yugoslav Ambassador the subject of development of Malpe Fishing Harbour with Yugoslav assistance was discussed in a general manner. No commitments on behalf of State Government was made by the Ministry of State for Fisheries. This was merely an exchange of greetings. The Yugoslav Ambassador assured the Minister of State for Fisheries ~~and~~ that he will do everything on his side to expedite the construction and the Development of Malpe as a Fishing Harbour.

No.BRW/ 199 /63. Dated 3rd April, 1963.

MYSORE GOVERNMENT SECRETARIAT
10
5 APR 1963
FOREST DEPARTMENT

To

The Secretary to the Government of Mysore,
Agriculture and Forest Department,
Bangalore.

Sir,

Sub: Development of Fishing Harbours at Malpe - Administrative approval to detailed estimates..

With reference to the above, I write to state that the Executive Engineer, State Port Department has prepared an estimate amounting to Rs.21.10 Lakhs for the development of Fishing Harbour at Malpe and the same has been forwarded by the Port Officer, Bangalore, to this Department. The execution of Fishing Harbour works in this state is except Karwar, is entrusted to the State Port Department. The estimate is prepared the basis of the tentative plan furnished by the F.A.O. Harbo Engineer, Mr.B.W.Johnson, who was assigned to this state duri 1961-62.

There is an allotment of Rs.50,000/- during the current year under"103-Capital outlay on Public Works - Buildings- Scheme on the plan for constructing of Fishing Harbours at Malp and Coondapur. This programme of harbour work is proposed to spread over three years of the remaining period of the Third Five Year Plan and during the current year I do not expect that more than Rs.30,000/- will be spent for this work as tenders are to be called for, ~~enquiry~~ and contract has to be fixed. Requisite amounts for the succeeding years will be provided in the budget estimates of the respective years. I request you kindly move the Government to get the administrative approval for this work and communicate the same to me so that the work can be started early.

Yours faithfully,

Director of Fisheries

MYSORE GOVERNMENT SECRETARIAT,
VIDHANA SOUDHA,

Dated, Bangalore, 30/8/.... 1963

FROM

The *Secretary to the Government of Mysore,*
Agriculture and Forest Department.

The Director of Fisheries
in Mysore, Bangalore.

Sir,

Sub: Development of Fishing Harbours at Malpe - Administrative approval to detailed estimates.

With reference to your letter No.BRW/199/63-64 dated 3-4-1963 on the above subject, I am directed to request you to intimate as to how Public Works Department is going to finance the Schemes when the plan provision is only Rs.8 lakhs for five harbours.

I am also to request you to examine and report to Government whether the entire scheme which is estimated to cost Rs.21/- lakhs cannot be phased in such a way that expenditure could be limited to Rs.5/- lakhs during the current plan period and the remaining to be treated as a spillover in IV Plan.

I am therefore to request you to indicate the items which should be taken up for execution during the present plan period.

This may be treated as most urgent.

I am also to state that in Government Order No. AF 63 VFE 63 dated 30-4-1963, the scheme for the development of Fishing Harbours has been continued during 1963-64 at a cost of Rs.3,90,000. Hence kindly also clarify as to why an estimate amounting to Rs.21.00 lakhs has been sent to Government, when the plan provision is only Rs.8 lakhs under scheme.

Yours faithfully,

B[illegible]ACHAIAH, B.Sc., B.L.,
Minister for Forests and Fisheries.

"VIDHANA SOUDHA"
BANGALORE-1,

Dated 5th Aug. 1963.

T.No.MFFS.968/63.

Dear Sir,

I am given to understand that the Government of Yugoslavia have been pleased to extend assistance for the construction of Fishing Harbours in India. You are aware that Mysore State has good natural Fishing Habbour and ever since the integration of the State, the Department of Fisheries has been trying its utmost to develop these fishing harbours for the benefit of the fishing trade and industry. For want of harbour facilities, we have been experiencing difficulties in increasing mechanised fishing fleet and affording loanding and unloading facilities. Malpe which is one of the very important natural harbours, has been surveyed by the F.A.O., Habour Experts assigned to Government of India some time back and the plans for the development of fishing harbour at Malpe are ready. What is coming in our way is the lack of finance. For want of paucity of funds, it is not possible to build fishing harbour and you were pleased to assure me when I met you in Delhi that all efforts would be made to develop the fishing trade in Mysore State and it would depend upon the extant the State Government provides funds for execution of the schemes. So, the State Government has gone on spending money on the Fisheries Schemes more than the budget allotment for the last two years with the fervant hope that the Government of India would come to its help. For the last two years, the Department has spent nearly Rs.60 lakhs against the budget provision of Rs.39 lakhs. This year also, we have an ambitious programme of spending Rs.75 lakhs as against the budget provision of Rs.30 lakhs. As much of the money is being spent for the mechanisation of boats and improving the fish seeds resources in inland area, we are not able to divert much money for the harbour development. Here, I seek your assistance and request you kindly to use your good offices to divert the Yugoslavian assistance for Mysore State also for the development of Fishing harbours at Malpe.

With kind regards.

Yours sincerely,

Sd. B. Rachaiah.

T.No.MFFS-984/63

Shri S.K. Patil,
Hon'ble Minister for Food
and Agriculture, Government
of India, Krishi Bhavan,
New Delhi.

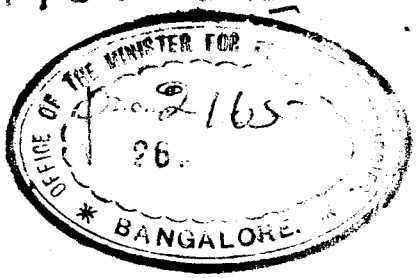
By order
(M.N. Chickaiah)
Private Secretary.

A+D 193 VFS 63



No. 27-12/63-FS

MINISTER FOR
FOOD & AGRICULTURE,
GOVT. OF INDIA.

New Delhi,
August 19, 1963.

My dear Rachaiah,

Please refer to your d.o. letter No.MFFS 968/63 dated the 2nd August, 1963 regarding the construction of a fishing harbour with Yugoslav assistance. I am glad to inform you that in view of the natural advantages possessed by Malpe, the Government of India have already taken a decision to utilise the assistance offered by Yugoslavia for the construction of a fishing harbour at Malpe, subject to the concurrence of the Government of Yugoslavia who are being approached to send a technical team for surveying the facilities available at Malpe.

As regards the provision of funds, the scheme as proposed by us involves a capital investment of about Rs. 120 lakhs, of which about Rs. 60 lakhs will have to be in the shape of foreign exchange. If Yugoslavia is prepared to assist us with the foreign exchange portion, it should be possible for the State Government to invest the rupee portion over a period of about 3 years which is the time that is expected to be taken for the completion of the harbour. In this connection I would like to bring to your notice that the construction of fishing harbours in minor ports is already a pattern scheme which is entitled to an assistance from the Government of India to an extent of 50% by way of subsidy and 50% by way of loan. It should not therefore be difficult for the State Government to meet their share of the expenditure in case the scheme materialises.

With regards,

Yours sincerely,

(S.K. Patil)

Shri D. Rachaiah,
Minister for Forests & Fisheries,
Government of Mysore,
"Vidhana Soudha",
Bangalore.

GOVERNMENT OF MYSORE.

No.BRW.199/63-64.

OFFICE OF THE DIRECTOR OF FISHERIES IN MYSORE
BANGALORE? DT; 18TH OCT.63.

The Secretary to the Government of Mysore,
Agriculture and Forest Department,
BANGALORE.

Sir,

Sub:- Development of Fishing Harbours at Malpe-Administrative approval to detailed estimates.

Ref:- Your letter No.AF 7425 PL 2563 dated 30.8.1963.

With reference to your letter cited above, I have to state that the Government have already been requested to provide additional funds of Rs.1.50 lakhs for the year 1963-64 for the development of fishing harbours, besides the budget grant of Rs.3,90,000/= sanctioned vide G.O.AF 63 VFE 63 dated 30.4.1963.

2. The working group on Agriculture, Ministry of Food and Agriculture, Government of India, have re-commended the minimum provision of Rs.25 lakhs for the Karwar Fish Harbour -vide recommendation No.47 of the working group of Agriculture and an extract of the said recommendation is enclosed herewith for favour of ready reference.

As regards the Development of fishing harbours at Malpe already stated in my letter No.BRW.199/63, dated 3.4.1963 in allotment of Rs.50,000/=has been made during the current year under *103-Capital outlay on Public Works-Buildings Scheme in the plan for constructing fishing harbours at Malpe and Coondapur and it is expected that an amount of Rs.30,000/= only will be spent for this work, as tenders are to be called for and agency has to be fixed.

Since the Government of India, have already been requested by the State Government to give additional allotment for the current year and since the work cannot be postponed to IVth Five Year Plan, the estimate amounting to Rs.21 lakhs has been sent to Government for administrative approval.

Under the circumstances stated above, I request you kindly to move the Government to get the administrative approval for this work and communicate the orders of Government to me so that the work can be started early.

Yours faithfully,

Director of Fisheries.

kvsr

"47. The Working Group also noted that the proposals made by the State Government had left out a very important project, viz., development of Karwar Fish Harbour, which the State Government had not included in their proposals because detailed plans were not available to them at the time of drawing up these proposals. However, these plans had subsequently been received and the Working Group recommended that a minimum provision of Rs. 25.00 lakhs might be made for the Karwar Project by the provision of additional funds, because of the special value of this Project in industrialising fish processing and for export from the State."

GOVERNMENT OF MYSORE

142

No. AF 26 VFS 63.

MYSORE GOVERNMENT SECRETARIAT,
VIDHANA SOUDHA.

Dated, Bangalore. 16-12-1963

FROM

The *Secretary to the Government of Mysore,*
Agriculture and Forest Department.

To The Secretary to the Government of India,
Ministry of Food and Agriculture,
Department of Agriculture,
N E W D E L H I.

Sir,

Sub:- Development of Fishing Harbour at Malpe.

I am directed to invite your kind attention to letter No.27-12/63-F&A dated 19-8-63, from the Minister for Food and Agriculture, Government of India to the State Minister for Forests regarding the construction of a Fishing Harbour at Malpe with Yugoslavia assistance and to request you kindly to intimate whether the Government of India have since finalised the deal with the Government of Yugoslavia.

Mention has also been made in para 1 of the letter that the Scheme is entitled to assistance from the Government of India to an extent of 50% subsidy and 50% loan. If the Government of Yugoslavia have agreed to assist the above scheme with the necessary Foregign Exchange, I am to request that the entire expenditure amounting to Rs.60/- lakhs (both subsidy and loan) be provided for outside the plan ceilings, and further that this scheme be treated as a centrally sponsored one.

I am to add that total plan provision for Fisheries Development of this State under III Plan is Rs.130/- lakhs, and during the current year the ceiling is Rs.30/- lakhs.

In view of the Food shortage and employment opportunities the scheme is going to create for the Fishermen, the Government of India may kindly be moved to treat this scheme as a centrally sponsored one and this Government has sanctioned Rs.15/- lakhs more than the Plan ceiling during the current year on account of the Indo-Norwegien Project and to provide mechanised boats for Fishermen.

In these circumstances I request that the Government of India may kindly be moved to treat the aforesaid scheme as a centrally sponsored one.

(C.R. Srinivasan)
Under Secretary to the Govt. of India.

Copy of letter No. 70100-RM/GR/IP/PB/64 dated the 18th June, 1964 from Invest-Import Yugoslavia to Ministry of Food and Agriculture (Department of Food) New Delhi.

Sub: Fish & Port Industry - Malpe.

We have been informed by our Principals about the preparation of a Team of Yugoslav experts of 4 to 5 members to visit India and to study at the spot the problems of Fish Industry at Malpe.

They are expected by middle of July 1964 or later. Regarding this, to avoid any further delay we request you to investigate the following and oblige:-

1. If you may indicate the name of the organisation with whom the Yugoslav Experts will collect the basical data at the spot.

2. For this purpose the team would require same transport like one or two passanger care, same surveying instruments and situation maps of the area.

3. A Motor Boat will be required which will be used by the team for their investigation.

4. In the meantime If you may be kind enough to collect the data about Raising Point of the river Malpe during the longer period and drinking water. Also it will ber equired to collect the climatic data for the area for a longer period. As well the data for the tide & data for the hieght of the waves.

5. If you may give the indication which construction material will be used for the building of the port with the indication for the material and labour.

6. If you may collect any information about soil bearing in the Port of Mangalore which may indicate the quality of the soil of Malpe.

We shall be very much pleased if you may act on the above date and advise us by return post.

Sir,

Sub:- Development of Fishing Harbour at Malpe.

With reference to your letter No.27-12/63-FY(D) dated the 20th May 1965 on the above subject, I write to state that 2 Representatives of the firm, M/s. Invest Import, New Delhi met the Deputy Secretary to Government, Agriculture and Forest Department on 28th May 1965 and desired to visit the Malpe Harbour to make necessary survey and assess the potentialities etc. They were advised to do so in September 1965 as the period from June to end of August will be monsoon period. After they visit and survey the requirements, further action will be taken.

Yours faithfully,

(Syed Basheer Ahmed)
Deputy Secretary to Government,
Agriculture and Forest Department.

Dear Sirs,

Sub: Development of Fishing Harbour at Malpe.

With refference to your letter No. 21-12/65-PP(D) dated 20th May, 1965 we are pleased to inform you about progress made in the matter.

As per last information from our Principal the credit for equipment has been approved by the Bank and they are preparing now a group of expert to come to the site and make all necessary technical investigation for the construction, design and civil work required for development of Fishing Harbour at Malpe.

We shall inform you by separate mail about the date of their arrival in due course of time.

Thanking you.

Yours faithfully,

Dear Sir,

Sub: Development of Fishing Harbour Kalpa.

Further to our letter No. 74294-EM/GH/IP/FB/65 dated 24th May, 1965 we have informed you that as per information the credit for the equipment has been approved by the Bank.

As per information received from our Principals the credit of Rs.2,700,000 will be covering the following equipments-

a. Two factories for fish canning.

b. Fish meal plant.

c. Cold Storage with Ice Plant.

d. 4 Nos. Cold Storage Vans.

e. Repair Workshop.

f. Fish net making machinery.

Contd... 2.

167-75

The above will be supplied on the following conditions.

10% in advance 30 days after signing agreement.

10% against presentation of the final invoice of delivered equipment.

80% in 16 equal semi-annual instalments from which the first instalments will be due 6 months after presentation of final invoice of delivered equipment with 3% interest per annum covered by letter of guarantee issued by Govt. of India.

The other services which we may offer you for above project, preparation of design, supervision and erection, only under payment in cash. At the same time a credit has been approved for delivery of the 10 fishing vessels under the following payment conditions-

Advance Payment:-

10% on signing of the Contract.

5% by laying the hull.

5% putting the vessel in the sea.

Credit Payment:-

80% of the concluded Contract price in 16 equal Semi-annul instalments with 3% interest and the first instalments is due six month after delivery.

This interest will be capitalised semiannually upto the delivery of fishing vessel, thereafter the total unpaid amount and the interest accrued thus far will altogether constitute the principal which is to be paid in 16 equal semiannual instalments with annual interest of 3 percent, the first instalment falling due 6 months after delivery of fishing vessel at Yugoslav Shipyard.

Contd...3.

168 D)

The letter of gaurantee issued not later than 30 days after signing the agreement on basis of the credit agreement dated 21.1.60 and the arrangement made between Yugoslav Bank for Foreign Trade, Beograd and Govt. of India, Ministry of Finance and Reserve Bank of India dated 4/3/61.

We would request you to advise us by return mail your acceptance for further negotiations on the above subject, so that we can call a group of experts to come and make necessary investigations.

Thanking you, we remain,

Yours faithfully,

K. S. Murthy,
Deputy Secretary

D.O. No. 27-12/63-Fy(D) 16th October, 1965.

Dear Shri Srinivasan,

Please refer to the Mysore Government's letter No. AF 86 VFS/63 dated the 17th June, 1965 regarding the development of a fishing harbour at Malpe with Yugoslav assistance. Messrs Invest Import have now informed us that a sum of Rs. 4 lakhs would be required towards (1) cost of conducting initial survey and preparation of design of fishing harbour, (2) cost of preparing project report for the entire scheme (other than the fishing harbour) including ancillary facilities and installations and (3) cost of supervision of the civil works and installation of machinery. We would be primarily concerned with (1) and (2) initially and it appears that a sum of Rs. one lakh would be required immediately for the visit of a team of three experts and for the preparation of a preliminary project report. Messrs Invest Import are anxious to send their team of experts as early as possible. Before, however, we are in a position to tell Messrs Invest Import to send the team, it is necessary for you to agree to the preliminary expenses of Rs. one lakh and also to make necessary budget provision etc., since the expenditure will be incurred during the current financial year itself. I would, therefore, request you to convey your agreement to to the proposal immediately.

Yours sincerely,

(K. S. MURTHY)

Shri G.S. Srinivasan,
Secretary to the Govt. of Mysore,
Food & Agriculture Department, BANGALORE.

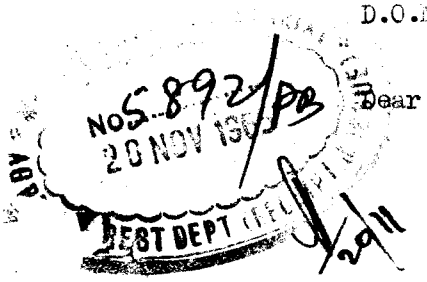
G. LAKSHMINARAYANA RAO, M.A.,
Director of Fisheries.

Office of the
Director of Fisheries in Mysore.
Bangalore-1 dated 19th Novr. 65.

D.O.No.BRW/199/65-66.



Dear Sri Ramakrishnan,

Sub: Fishing Harbours - Malpe - Development with aid from Yugoslavia -

Ref: Government letter No. AF 86 VFS 63 dated 27-10-65.

My report on the reference cited above was submitted to Government in my letter No. BRW/199/63 dated 2-11-1965 but to-day on enquiry in the Secretariat I learnt that this letter has not been received. I am therefore enclosing herewith a copy of my letter for favour of information and necessary action. In this connection I would like to state that this subject came up for mention at the recent meeting of the Central Board of Fisheries held at Bombay which was attended by the Hon'ble Minister for Forests and Fisheries and by me. In the course of the discussion I have informed the Hon'ble Minister of the letter received from the Government of India and the fact that a reply is due to the Government of India regarding the State Government's concurrence or otherwise for meeting the expenditure on the survey. The Hon. Minister has informed the Union Minister for Food and Agriculture that the State Government would be agreeable to meet the expenditure.

Under the circumstances, I request you kindly to look into this matter and arrange to have a reply to the Government of India sent as quickly as possible.

Yours sincerely,

(G. LAKSHMINARAYANA RAO)

Copy of letter No. BRW/199/63 dated 2-11-1965 from the Director of Fisheries in Mysore, Bangalore to the Secretary to the Government of Mysore, Agriculture and Forest Department, Bangalore.

Sub: Fishing Harbours - Malpe - Development with aid from Yugoslavia -

Ref: Your letter No. AF 86 VFS 63 dated 27-10-1965.

The preliminary survey of the Malpe Port was carried out by the FAO Fishing Harbour Engineer, Mr. Bertil W.Johnson in 1961-62 and he made certain recommendations for the development of the port as a fishing harbour which are contained in FAO Report No.1538 on Fishing Harbours, 1962. The Harbour Expert gave certain designs for the construction of harbour basin with quay walls and for providing shore facilities and on the basis of this the State Port Officer has prepared plans and estimates for the first stage construction at a cost of Rs. 21.00 lakhs. A short report about the Port of Malpe is also included in the booklet 'Mysore Ports' published by the State Government in 1964 and also in the Report on the Minor Ports in India and Development Works at each Port under the First and Second Five Year Plans by Sri I.V. Chacko published by Government of India in 1956. The West Coast Major Port Development Committee had considered Malpe as a site for the development of a major port between Cochin and Murmagao. Information about the port is available in the report of this Committee. These are the various survey reports on Malpe available so far as is known to this Department.

2. The proposal for the development of the fishing harbour at Malpe with Yugoslavia assistance appears to include the construction of a fishing harbour, supply of fishing vessels and provision of shore facilities including processing plants etc., for which the Yugoslavian Government would supply equipments and technical knowhow under the rupee payment agreement. As this is a comprehensive project it is likely that the Yugoslavian authorities would like to prepare a detailed project report after on on-thespot survey. In this connection, I had a discussion with Mr. Branko Grgic of M/s.Invest Import and from this discussion, it is seen that the Yugoslavian authorities are already aware of the published information on the Malpe Port and they want some more detailed information which the team of experts may require and may arrange to collect after inspection. As the report of Mr. Johnson covered only the provision of the boat basin, quay wall and shore facilities and did not cover the design of the entrance channall, it would perhaps be necessary to carry out the survey as suggested by M/s. Invest Import, with the object of preparation of design of the fishing harbour and the preliminary project report for the entire scheme including ancillary facilities and installations. I recommend that the suggestion of the Government of India may be agreed to.

3. Under the Special Development Programme the Government of India have sanctioned a sum of Rs. 5.00 lakhs for the current year for model tests, surveys and construction of fishing harbours in the State. This amount had been proposed to be spent on the following items:-

(1)	Construction of dry stone revetment and jetty at Mangalore:	Rs.	1.50 lakh.
(2)	Construction of temporary jetty at Malpe:	Rs.	0.50 "
(3)	Construction of jetty at Gangolli:	Rs.	0.50 "
(4)	Construction of jetty at Honnavar:	Rs.	1.00 "
(5)	Construction of dry stone revetment and jetty at Kagal-Hini:	Rs.	1.00 "
(6)	Cost of construction of fishing harbour at Bhatkal:	Rs.	0.50 "
		Rs.	5.00 lakhs.

.....2

177

As regards Bhatkal harbour, I understand that the tenders for the work are still under the consideration of Government. It is therefore likely that the amount ear-marked for this is not likely to be spent. It is also likely that there may be some savings in actual construction in respect of the other works. If therefore it is decided that a sum of Rs. 1.00 lakh may be agreed to be met by the State Government for the survey and preparation of preliminary project report for Malpe, the required funds could be met from the sum of Rs. 5.00 lakhs sanctioned by the Government of India under the Special Development Programme.

With reference to the endorsement on this Ministry letter NO.27-12/63-FY(D) dated the 31st December,1965 — [illegible] 13/2/66

A copy of a draft agreement prepared by M/s Invest Imports is enclosed for your examination. It will be appreciated if immediate steps are taken to consider the different clauses of the Agreement and the Final Agreement entered into with M/s Invest Imports.

It does not appear necessary that the Mysore Government should act through the Ministry of Food & Agriculture in thiscase. The arbitration clause may also be amended suitably to be in line either with that usually adopted by the Government of India (copy enclosed) or the one adopted by the Mysore Government in such cases. It is also requested that arrangements may be made to deposit the amount of Rs.1lakh under the Indo-Yugoslav Trade Agreement through a schedule-d bank on behalf of Yugoslav Bank for Foreign Trade in favour of M/s Invest Import, Beograde on receipt of instructions from the Ministry of Finance (Department of Economic Affairs. This Ministry may also be kept informed of the progress from time to time.

XIX. ARBITRATION

All disputes and differences arising out of or in any way touching or concerning this agreement whatsoever (except as to any matter the decision of which is expressly provided for in the contract) shall be referred to the sole arbitration of any person appointed by the Secretary of the to Govt. Agreeable (Ministry of the Government of India) Administratively dealing with the contract at the time of such appointment (or if there be no Secretary, the administrative head of such Ministry at the time of such appointment.) It will be no objection to any such appointment that the person appointed is a Government servant that he has to deal with the matters to which the contract relates, and that in the course of his duties as such Government servant, he has expressed views on all or any of the matter in dispute or difference. The award of such Arbitrator shall be final and binding on the parties to this contract. It is a term of this contract that in the event of such Arbitrator to whom the matter is originally referred being transferred or vacating his office or being unable to act for any reason, such Secretary or administrative head as aforesaid at the time of such transfer, vacation of office or inability to act, shall appoint another person to act as Arbitrator in accordance with the terms of contract. Such person shall be entitled to proceed with the reference from the stage at which it was left by his predecessor. It is also a term of the contract that no person other than a person appointed by the Secretary or administrative head of the Ministry as aforesaid should act as Arbitrator/ and if for any reason that is not possible the matter is not to be referred to Arbitration at all.

/ FOR

Provided further that any demand for arbitration in respect of any claim(s) of the contractors, under the contract, shall be in writing and made within one year of the date of termination or completion(expiry of the period) of the contract and where this provision is not complied with, the claim(s) of the contractors shall be deemed to have been waived and absolutely barred and the Government shall be discharged and released of liabilities under the contract.

Employer

It is further Provided that the Arbitrator may, from time to time, with the consent of the parties enlarge the time, for making and publishing the award.

Subject as aforesaid the Arbitration Act,1940, shall apply to the Arbitration Proceedings under this clause.

GOVERNMENT OF MYSORE

114 204

No. BRW|3435|GR-66

Office of the Director of Fisheries.
in Mysore, 'Multistoreyed Building,
Bangalore-1. dated: 4.3.1966.

To

The Secretary to the Government of Mysore,
Agriculture and Forest Department,
Vidhana Soudha,
Bangalore-1.

Sir.

Sub:- Development of Fishing Harbour at Malpe with assistance from Yugoslavia - preliminary survey preparation of project report draft agreement and arbitration clause - remarks on - p.141 c/f.

Ref:- Your letter No.AF 86 VFS 63 dt. 24.2.66.

p.87 c/f.

In their letter No.27-12/63-FD(D) dt. 16.10.65 communicated with your letter No.AF 86 VFS 63 dt. 27.10.65 the Government of India had indicated that the cost of a preliminary survey suggested to be undertaken by a team of Experts from Yugoslavia would cost about one lakh of rupees and had asked for the concurrence of the Government of Mysore for meeting the expenditure. The Government have in their letter No.AF 207 AML 65 dt. 2.11.1965 agreed to meet the expenditure which is proposed to be met from the provision under the "Crash Programme." In the previous reference of the Government of India there were no details for the expenditure of this one lakh of rupees.

X File Raw has refused to F.D. Development of Fishing Harbours under

From the present reference of the Government of India it appears that a sum of one lakh of rupees is to be paid in lumpsum- towards the expenditure of travelling to and from India and towards the stay in India of the Yugoslavian Experts for undertaking the survey and for the preparation of the preliminary project report for the fishing harbour at Malpe in Yugoslavia. It also appears that in addition to this sum the proposed survey would require the provision of facilities fishing boat, skilled labour, conveyance etc as well as certain information as listed under article (2). This would however mean additional expenditure to the Government on the operation of the fishing boat for the survey, wages of labour, cost of ice, cost of running the vehicles and such other incidental charges. As the actual period of the survey is not known, it is not possible to give an estimate of this expenditure. However it is not likely to be large and in fact may be within two or three thousand rupees. Since this is a small expenditure when compared to the sum of rupees one lakh to be paid to the Experts for their expenses and since the latter expenditure has already been agreed to by the Government, I submit that the draft agreement may be approved by the Government after examination if necessary by the Law Department. The draft agreement received with your letter cited is returned herewith. As the provision for meeting the expenditure on the survey is made in the current year itself, I request that Government may be moved to decide the matter quickly and communicate their concurrence to the Government of India so that the agreement may be signed and the amount (which is to be paid in advance as stipulated in the draft agreement) may be paid to the contractors as per the terms of the proposed agreement in the current year itself.

Yours faithfully,

Encl: Draft agreement and arbitration clause.

All disputes and differences arising out of or in any way touching or concerning this agreement whatsoever (except as to any matter the decision of which is expressly provided for in the contract) shall be referred to the sole arbitration of any person appointed by the Secretary of the Ministry of the Government of India, Administratively dealing with the contract at the time of such appointment or if there be no Secretary, the administrative head of such Ministry at the time of such appointment. It will be no objection to any such appointment that the person appointed is a Government servant that he has to deal with the matters to which the contract relates, and that in the course of his duties as such Government servant he has expressed views on all or any of the matter in dispute or difference. The award of such Arbitrator shall be final and binding on the parties to this contract. It is a term of this contracts that in the event of such Arbitrator to whom the matter is originally referred being transferred or vacating his office or being unable to act for any reason, such Secretary or administrative head as aforesaid at the time of such transfer, vacation of office or inability to act, shall appoint another person to act as Arbitrator in accordance with the terms of contract. Such person shall be entitled to proceed with the reference from the stage at which it was left by his Predecessor. It is also a term of the contract that no person other than a person appointed by the Secretary or administfative head of the Ministry as aforesaid should act as Arbitrator/ and if for any reason that is not possible the matter is not to be referred to Arbitration at all.

Provided further that any demand for arbitration in respect of any claim(s) of the contractors, under the contract, shall be in writing and made within one year of the date of termination or completion(expiry of the period) of the contract and where this provision is not complied with, the claim(s) of the contractors shall be deemed to have been waived and absolutely barred and the Government shall be discharged and released of liabilities under the contract.

It is further provided that the Arbitrator may, from time to time, with the consent of the Parties enlarge the time, for making and publishing the award.

Subject as aforesaid the Arbitration Act,1940 shall apply to the Arbitration Proceedings under this clause.

No. AI-86 VI-S 63 209

Dear Sir. Mathew,

Sub:- Fishing Harbour at Malpe.

Please refer to your letter No. F. 27-12/63-FY(D) dated 31-12-1965 and 28-1-1966 on the above subject.

I would be grateful if you could kindly intimate the approximate duration of survey proposed be conducted by the experts so as to enable this Govt. to make necessary Budget provision, etc for the purpose as ~~this~~ is the cost involved on this account is not included in the amount of Rs. 1.00 lakh which the State Govt. have agreed to bear on the experts.

An immediate reply in the matter will be much appreciated.

Yours Sincerely

(DS).

Sri. P.N. Mathew,
Under Secy. to the Govt. of India,
Ministry of Food & Agri.
New Delhi.

Copy is forwarded to the DF with ref. to his letter No. BRW/3435:/65-66 dated 4-3-1966 Merely giving ~~an~~ a rough estimation of the cost involved for the Survey may not meet with the concurrence of FD. He is therefore requested to give a rough estimation of the cost of equipments required for the Survey and also a rough estimate of other items of expenditure for a hypothetical period of 3 months.

(DS).

2.11

Article 3:- According to this article the lumpsum of Rs.1 lakh is to be deposited in favour of Messrs. Invest Import through a scheduled bank on behalf of Yugoslav Bank for foreign trade on receipt of instructions from the Ministry of Finance, Department of Economic Affairs. The Ministry of Finance in the Department of Economic Affairs may be requested to forward the necessary instructions regarding the payment of the money. The funds for this purpose have been provided in the current year's budget under "103 Capital Outlay"**** and are at the disposal of the Chief Engineer (Communication & Buildings) who may be directed to draw and deposit the amount on receipt of necessary advice. The Government of India have indicated in the Endt. in the D.O. letter of Sri P.P. Mathur, Under Secretary to Government of India, Ministry of Food and Agriculture addressed to Sri M.S. Bharadwaj, Under Secretary, Ministry of Finance, that it may not be necessary that the Mysore Government should act through the Ministry of Food and Agriculture in entering to this agreement and have suggested that the arbitration clause may be amended suitably if necessary to be in line either with that adopted by the Government of India or the one adopted by Mysore Government in such cases.

P.129 c/F.

I therefore request that the clauses of the agreement and the arbitration clause may be got examined and approved and communicated to the Government of India and action taken to sign the necessary agreement.

Yours faithfully

(G. LAKSHMINARAYANA RAO)

We have to take action quickly on this. Pl. let me have papers.

D.O.No.AF 86 WFS 63

Dear Shri.Mathur,

P 131 c/F

Please refer to your letter No.F.27-12/63-FY(D) dated 31st December 1965 addressed to M/S Invest Import, New Delhi and also your D.O.letter No.27-12/63-FY(D) dt.28.1.66 addressed to Shri.M.R.Bharadwaj, Under Secretary, Ministry of Finance, Dept.of Economic Affairs, regarding fishing harbour at Malpe. I am enclosing a copy of my letter to Shri.M.R.Bharadwaj, Ministry of Finance, Dept.of Economic Affairs in this connection. You will kindly see that so far we have not received any instructions from the Ministry of Finance. You are requested kindly to speak to Shri.M.R. Bharadwaj and expedite the same.

P.129 c/F

In the draft agreement in article 2 nothing has been specified about the exact period of survey. However I understand from M/S Invest Import that the period will not last longer than 30 days after which the experts will proceed to Yugoslavia and in a period of 5 to 6 months will be able to produce the project report. The best time to conduct the survey would be in the month of April. After that, particularly in June monsoon weather will start and it may not be adviseable to conduct any survey.

TESTED 21-3-1966

As I have already informed you, Government of Mysore have agreed to pay this sum of Rs.1 lakh. At present our action is held up for want of two things. Firstly instructions from the Ministry of Finance Dept.of Economic Affairs as to the mechanism of depositing this money. Secondly we would like to be cleared about who should sign this agreement, should the Government of Mysore or would the Ministry of Food and Agriculture do it. Further ~~whether~~ should this agreement be signed in Bangalore or in New Delhi. I see from the endorsement of your letter dated 28.1.66

addressed to Shri.M.R.Bharadwaj that it does not appear necessary for Mysore Government who act through the Ministry of Food and Agriculture in this case. This is not clear. I would like to know definitely the practice with regard to other State Governments, i.e. whether they themselves directly enter into contract agreement with foreign experts in conducting the project survey or the Ministry of Food and Agriculture enter into agreement on behalf of State Governments. This may kindly be clarified.

An immediate reply from you is requested.

Yours sincerely,

TJR 13/3/66

(T.J.Ramakrishnan)

Dear Shri.Bharadwaj,

Please refer to your U.O.No. 1(17)EI/65 dated 29-12-65 in connection with instructing the Government of Mysore as to how the amount of Rupees one lakh should be deposited through the Indo-Yugoslav Trade and Payment arrangements, in order to facilitate preparation of preliminary project report of the fishing harbour at Malpe by Yugoslav Experts addressed to the Ministry of Food and Agriculture (Dept.of Food). The Ministry of Food and Agriculture (Dept.of Food) in D.O.letter No.27-12/63-FY(D) dated 28.1.66 and in their endorsement No.F.27-12/63-FY(D) dated 31.12.65 have intimated the matter to you requesting suitable instructions to be given to State Government for depositing a sum of Rs.1 lakh under the Yugoslav Trade and Payment arrangements. We have not received any instructions from the Department of Economic Affairs. Our finalisation of the proposal is pending receipt of your instructions. You are requested kindly to expedite this matter and let us have your clear instructions as to the action to be taken by the State Government in depositing Rs.1 lakh for finalisation of the feasibility ~~of~~ study of the project report for the fishing harbour at Malpe.

Yours sincerely,
sd/-

I, dt. the 28th Jan. 1966.

Dear Shri Bharadwaj.

Please refer to the endorsement on our letter No.F.27-12/63-FY(D) dated the 31st December 1965. addressed to M/s Invest Import regarding the fishing harbout at Malpe. M/s Invest Import are pressing us for completing the formalities and depositing the amount of Rs.1 lakh by the Government of Mysore. I shall be grateful if you can kindly advise the Government of Mysore under intimation to us about the manner in which the deppsit can be made. We are requesting the Government of Mysore simultenously to complete all formalities regarding exchange of letters etc., with the firm so that there is no delay in implementing the first part of the project.

Yours sincerely,

Shri M.R.Bharadwaj,
Under Secretary,
Ministry of Finance,
Department of economic Affairs, New Delhi.

Copy forwarded to Shri T.J.Ramakrishnan, Director of Agriculture Planning cell and Deputy Secretary to the Government of Mysore, Agriculture and Forests Department, Vidhana Soudha, Bangalore with reference to the endorsement on this Ministry letter No.27-12/63-FY(I dated the 31st December, 1965.

A copy of a draft agreement prepared by M/s Invest imports is enclosed for your examination. It will be appreciated if immediate steps are taken to consider the different clauses of the Agreement and the final Agreeement entered into with M/s Invest Imports.

It does not appear necessary that the Mysore Government should act through the Ministry of Food and Agriculture in this case. The arbitration clause may also be amended suitably to be in line either with that usually adopted by the Government of India (copy enclosed) or the one adopted by the Government in such cases. It is also requested that arrangements may be made to deposit the amount of Rs. 1 lakhs under the Indo Yugoslav Trade Agreement, through a scheduled bank on behalf of Yugoslay Bank for Fore gn Trade in favour of M/s Invest Import, Beorgrade on receipt of instructions from the Ministry of Finance (Department of Economic Affairs. This Ministry may also be kept informed of the progress from time to time.

SUB: Fishing Harbours - Malpe - Development with aid from Yugoslav -

REF: Your letter No. AF 86 VFS 63 dated 27.10.1965 -

--

The preliminary survey of the Malpe Port was carried out by the F.A.O. Fishing Harbour Engineer Mr.Bertil W.Johnson in 1961-62 and he made certain recommendations for the development of the port as a fishing harbour which are contained in F.A.O.Report No. 1538 on Fishing Harbours, 1962. The Harbour Expert gave certain designs for the construction of harbour basin with quay walls and for providing shore facilities and on the basis of this the State Port Officer has prepared plans and estimates for the first stage construction at a cost of Rs.21 lakhs. A short report about the Port of Malpe is also included in the booklet 'Mysore Ports' published by the State Government in 1964 and also in the Report on the Minor Ports in India and Development works at each Port under the First and Second Five Year Plans by Shri.I.C.Chacko published by Government of India in 1956. The West Coast Major Port Development Committee had considered Malpe as a site for the development of a major port between Cochin and Murmagoa. Information about the port is available in the report of this Committee. These are the various survey reports on Malpe available so far as is known to this Department.

2. The proposal for the development of the fishing harbour at Malpe with Yugoslav assistance appears to include the construction of a fishing harbour, supply of fishing vessels a provision of shore facilities including processing plants etc. for which the Yugoslav Government would supply equipments and technical know how under the rupee payment agreement. As this is a comprehensive project it is likely that the Yugoslavian authorities would like to prepare a detailed project report after on on-the spot survey. In this connection I had a discussion with Mr.Branko Gergic of M/s.Invest Import and from this discussion it is seen that the Yugoslavian authorities are already aware of the published information on the Malpe and they want some more detailed information which the tea of experts may require and may arrange to collect after in tion. As the report of Mr.Johnson covered only the provisio of the boat basin, quay wall and shore facilities and did no cover the design of the entrance channal, it would perhaps be necessary to carry out the survey suggested by M/s.Invest Import, with the object of preparation of design of the fi harbour and the preliminary project report for the entire scheme including ancillary facilities and installations. recommend that the suggestion of the Government of India may be agreed to.

This is for [illegible] 5/11/65 Rly 5/11

Loose papers found on file amalgamated today. TDR 12/4/66

3. Under the Special Development Programme the Government of India have sanctioned a sum of Rs.5.00 lakhs for the current year for model tests, surveys and construction of fishing har

. . .2

bours in the State. This amount had been proposed to be spent on the following items:-

1.	Construction of drystone revetment and jetty at M'lore.	Rs.1.50 lakh
2.	Construction of temporary jetty at Malpe.	Rs. 0.50 lakh
3.	Construction of jetty at Gangolli	Rs. 0.50 lakh
4.	Construction of jetty at Honnavar	Rs. 1.00 lakh
5.	Construction of dry stone revetment and jetty at Kagal-Mini.	Rs. 1.00 lakh
6.	Cost of construction of fishing harbour at Bhatkal.	Rs. 0.50 lakh
		Rs. 5.00 lakhs

I understand that the tenders for the work are still under the consideration of Government. It is therefore likely that the amount ear-marked for this is not likely to be spent. It is also likely that there may be some savings in actual construction in respect of the other works. If therefore it is decided that a sum of Rs.1.00 lakh may be agreed to be met by the State Government for the survey and preparation of preliminary project report for Malpe the required funds could be met from the sum of Rs.5.00 lakhs sanctioned by the Government of India under the Special Development Programme.

Dear Shri Ramakrishnan,

Kindly refer to your D.O.No.AF.86.VFS.63 dated the 21st March, 1966 regarding the Malpe harbour project. The Ministry of Finance have since issued the desired clarification and they have advised us that the amount of Rs.1 lakh should be paid in non-convertible rupees by a credit to the account of the National Bank of the Peoples' Republic of Yugoslavia with any commercial bank in India. Their letter No.F.18/6/66-CIE(I) dated the 29th March, 66 refers. You may now kindly proceed further in the matter and arrange to pay the amount as advised by them.

As regards the draft agreement with Messrs Invest Import, you may kindly enter into the agreement direct after satisfying yourself about the various clauses as drafted by Messrs Invest Import. The agreement can be entered into by you without bringing the Ministry of Food & Agriculture into the picture.

Yours sincerely,

ISSUED

The Government of India have taken a decision to utilise assistance offered by the Yugoslavia for the construction of a Fishing Harbour at Malpe for the benefit of fishing trade and industry. As a first part of the project, a team of Yugoslav Experts will undertake a survey and prepare a preliminary Project Report which will give an indication of feasibility of the entire Project. For this purpose, (15) State Government have agreed to the payment of rupees one lakh to cover the expenditure of Yugoslavia Experts for travelling to and fro and stay in India for undertaking the Survey, etc. The amount will be paid as advised by the Government of India in their D.O.letter No. 27-12/63-FY(D) dated 29-3-1966, after entering into an agreement with the Firm concerned.

O R D E R

After careful consideration of the various aspects of the question, Government are pleased to accord sanction to incur an expenditure of Rs.1.00 lakh(Rupees One lakh only) for payment in advance, to Messrs. Invest Import Company, ~~Representation~~ 3 Ring Road, Lajpat Nagar-III, New Delhi (14) to meet the preliminary expenses in connection with the Survey and preparation of preliminary Project Report of the Fishing Harbour at Malpe, as per the terms of the agreement entered into with the firm.

.....2

231

The amount will be paid in Non-covertible Rupees by a credit to the account of the National Bank of the People's Republic of Yugoslxavia with any Commercial Bank in India. The Dir. of Fisheries is requested to make necessary arrangement for the payment of the amount to the Firm. He is also requested to furnish the details of the Budget Head under which the expenditure will be debited during the current year.

B A N G A L O R E - 1

Sir,

SUB:-. Development of fishing harbours at Malpe with the Yugoslavian aid -

REF:- 1. Govt.letter No.AFD 86 VFS 63 dated 24-2-1966
2. This Office letter No.BRW 3435/65-66 dated 4-3-1966.

---oOo---

With reference to the above, I write to state that the Yugoslavian experts have already arrived in the State and are visiting Malpe area in connection with the survey for the preparation of the preliminary project report for the fishing harbour with ancillary facilities at Malpe. The facilities like the fishing boat, skilled labour, conveyance etc., are being made available.~~te~~

In this connection, I have to state that the State Government has to pay Rs.1.00 lakh in advance for the above survey work as per terms of the agreement. This expenditure was originally expected to be incurred in 1965-66 and had been proposed to be met from the provision of Rs.5.00 lakhs under Fishing Harbours under the Crash Programme. The expenditure was however not incurred in 1965-66. In the current year there is a provision of Rs.10.00 lakhs for the construction of fishing harbours in this State under Centrally Sponsored Schemes. I request you kindly to move the Government to obtain the concurrence of the Government of India to meet this expenditure under the above scheme. The provision is made under 103 capital outlay in public works . u. Development scheme (ii) Centrally Sponsored Scheme - original works - Buildings - D.Agriculture - L.Fisheries (1) Development of fishing harbours. The Chief Engineer, P W.D.(Communications & Buildings) Bangalore may be authorised to make this payment from the lump sum provision of Rs.10.00 lakhs said above.

Yours faithfully,

Director of Fisheries

J/7.5.

AGREEMENT

This agreement made the Twenty-fifth .....day of May ..... 1966 between Governor of the State of Mysore, India, (hereinafter called the Government of Mysore and referred to as "The Employer") of the one part and M/s. Invest Import, Export & Import Company for industrial equipment, Terazije 5 Beograd, Yugoslavia (hereinafter called "The Contractor") of the other part.

Art.I

The Contractor shall depute in time their team of experts which shall stay in India and undertake survey and prepare in Yugoslavia the Preliminary Project Report, which will give an indication of the feasibility of the entire project of fishing harbour at Malpe, Mysore State, India, as per letter issued by Government of India, Ministry of Food & Agriculture, New Delhi No. F-27-12/63-FY(D) dated 31-12-1965 and letter issued by the Contractor No. 76880-RM/GR/IP/PB/65 dated 4-1-1966. The Contractor shall work out and deliver to the Employer the Preliminary Project Report for fishing harbour at Malpe, Mysore State, India which shall include the equipment etc. to be offered under the credit arrangement from Yugoslavia.

Art.2

The Employer shall make the arrangement and put on disposal to the Contractor free of charge the following equipment, material, informations and labours:

1. One fishing vessel by which may be executed different fishcatches. This vessel as per local possibility has to be equiped with the appropriate net and other ancillaries.
2. Echo- Sounder.

.....2

(Items 4 to 15 above have been embodied in the form of a questionnaire and submitted to the employer with a letter of the contractor dated 27-4-1966. The Employer will furnish the information required in the questionnaire within a period of twenty days from the date of signing of this agreement)

3. One old experienced fisherman for efficient study of the fish locations, who knows local conditions.

4. Geographical Maps of Malpe area.

5. Literature about Malpe surroundings with the type of fish and quantity which is expected to be available for catching.

6. Underwater explosives.

7. Sufficient quantities of ice for fishing vessel for the longer period of catching.

8. Information about power supply, voltage, frequency, water supply position and water analysis at Malpe.

9. The source of supply of tin boxes and distances.

10. Information about the labours, wages, insurance etc.

11. Information about climate conditions, tides, winds, temperature, moisture etc.

12. One or two passenger car for transport facilities.

13. Surveying instruments as required.

14. Information about construction material available for the building purpose of the port in the vicinity of Malpe.

15. Soil bearing data at Malpe.

~~16. Miscellaneous~~. 9 hours

Art.3

The employer shall pay to the Contractor for the works carried out according to Art.I of the Agreement the lump sum price Indian Rupees 100,000 (One hundred thousand only). The above lump sum price comprises the expenditure of travelling to and from and stay in India of Yugoslav Experts for undertaking survey and the preparation of the Preliminary Project Report for fishing harbour at Malpe, Mysore State, India, in Yugoslavia.

Art.4

The payment of Indian Rupees 100,000(One hundred thousand only) shall be effected in advance, in non-convertible Indian Rupees in favour of the Contractor, in the account maintained in India by the Yugoslav Bank

.....3

It is further provided that the Arbitrator may, from time to time, with the consent of the parties enlarged the time, for making and publishing the award.

Subject as aforesaid the Arbitration Act, 1940, shall apply to the Arbitration Proceedings under this clause.

Art.6

The Contractor shall deliver the Preliminary Project Report for fishing harbour at Malpe, Mysore State, India within five months reckoned from the date of payment received through the advise of the Yugoslav Bank for Foreign Trade Beograd addressed to the Contractor. The Contractor shall hand over to the Employer the Preliminary Project Report for fishing harbour at Malpe, Mysore State, India in 6 (six) copies in English language.

Art.7

The Employer shall correspond with the Contractor at the following address:-

Messrs INVEST IMPORT
P.O. BOX 680 Terazije 5,
Beograd.

Duplicate to:

Messrs:- INVEST IMPORT, Representation
3 Ring Road, Lajpat Nagar III

PRESS NOTE

P. 190/1966.

DEVELOPMENT OF FISHING HARBOUR AT MALPE

Mysore Signs Agreement with Yugoslavia

The Government of Mysore signed an agreement with Messrs Invest Import Company of Terazije 5 Beograd, Yugoslavia, today to pay Rupees One lakh in connection with the survey and preparation of Preliminary Project Report of the Fishing Harbour at Malpe - South Kanara district. The Government of India have taken a decision to utilise the assistance offered by Yugoslavia for the construction of a Fishing Harbour at Malpe for the benefit of fishing trade and industry. As a first part of the project, a team of Yugoslav experts will undertake a survey and prepare a preliminary project report indicating therein the feasibility of the entire project. The report will also include the equipment etc. to be offered under the credit arrangement by Yugoslavia.

The report is expected to be ready within five months.

Shri G.S. Srinivasan, Secretary to Government, Agriculture and Forests Department signed the agreement on behalf of the Government of Mysore and Shri Ing.B.Grgic on behalf of the firm.

We refer to the letter of 23.5.1966 addressed to you by M/s.Invest-Import(Belgrade), Calcutta.13, regarding payment of Rs.1 lakh to be transferred to Calcutta to the Bankers of their Principals in Belgrade. This remittance, before being remitted to our Calcutta Office, requires prior approval of the Reserve Bank of India, on form 'A7'.

We shall thank you kindly to let us know, when you propose to pay the amount to us, to enable us to approach the Reserve Bank of India for their approval, so that, it will be possible for us to transfer the amount, as soon as it is received from you without any delay. It will also be necessary for us to produce the approval from the Ministry of Finance, New Delhi, to enable the Reserve Bank of India to have this remittance approved.

On hearing from you, we will be sending our Representative to have the form A7 filled up and also for the necessary permission from Reserve Bank of India to be obtained.

We will be very happy to have your prompt attention in the matter and expecting your reply,

Dear Sir,

Sub: Malpe Preliminary Project Report - Payment of Advance

With reference to Articles 3 & 4 of the Agreement signed on 20th instant, we are enclosing herewith in triplicate invoice received from Belgrade, No.IV/Malpe/1, for Rs.100,000 and shall be grateful if you would pay this sum to the United Commercial B-ank Limited, Bangalore.

We were informed verbally that you are in possession of the prescribed permit of the Ministry of Finance, New Delhi. In case you have not received the permit, kindly arrange to obtain it as without a permit it is not possible to effect the transfer to Belgrade. The Reserve Bank of India, whose approval will be obtained by the United Commercial Bank Limited, will not be granted unless the permit of the Ministry of Finance is produced and a copy deposited with them.

We understand that Scheduled Banks in India charge 1/8% for their commission and in this case you will be called upon by the United Commercial Bank Limited to pay Rs.125 for their commission plus Rs.2.50 postage expenses. Any further details you may require for these charges can be furnished by the bankers.

We are requesting the United Commercial Bank Limited to prepare Form A-7 on your behalf which this bank after being signed by you, will submit to the Reserve Bank of India, Madras for transfer of the remittance to the bankers of our principals in Belgrade.

..2

Thanking you and assuring you of our best services, we remain,

THIS AGREEMENT made the Twentieth day of May 1966 between Governor of the State of Mysore, India, (hereinafter called the Government of Mysore and referred to as "The Employer") of the one part and M/s. Invest Import, Export and Import Company for industrial equipment, Terazije 5 Beograd, Yugoslavia (hereinafter called "The Contractor") of the other part.

ARTICLE . I.

The Contractor shall depute in time their team of experts which shall stay in India and undertake survey and prepare in Yugoslavia the Preliminary Project Report, which will give an indication of the feasibility of the entire project of fishing harbour at Malpe, Mysore State, India, as per letter issued by Government of India, Ministry of Food and Agriculture, New Delhi, No.F.27-12/63-FY (D) dated 31-12-1965 and letter issued by the Contractor No.76880-MV/M/IP/TD/65 dated 4-1-1966. The Contractor shall work out and deliver to the Employer the Preliminary Project Report for fishing harbour at Malpe, Mysore State, India which shall include the equipment etc., to be offered under the credit arrangement from Yugoslavia.

ARTICLE. 2.

The Employer shall make the arrangement and put on disposal to the Contractor free of charge the following equipment, material, informations and labours:

1. One fishing vessel by which may be executed different fish catches. This vessel as per local possibility has to be equipped with the appropriate net and other ancillaries.
2. Echo - Sounder.
3. One old experienced fisherman for efficient study of the fish locations, who knows local conditions.
4. Geographical Maps of Malpe area.

5. Literature about Malpe surroundings with the type of fish and quantity which is expected to be available for catching.
6. Underwater explosives.
7. Sufficient quantities of ice for fishing vessel for the longer period of catching.
8. Information about power supply, voltage, frequency, water supply position and water analysis at Malpe.
9. The source of supply of tin boxes and distances.
10. Information about the labours, wages, insurance etc.
11. Information about climate conditions, tides, winds, temperature, moisture etc.
12. One or two passenger cars for transport facilities.
13. Surveying instruments as required.
14. Information about construction material available for the building purpose of the port in the vicinity of Malpe.
15. Soil bearing data at Malpe.

Items 4 to 15 above have been embodied in the form of a questionnaire and submitted to the employer with a letter of the Contractor dated 29-4-1966. The Employer shall furnish information required in the questionnaire within a period of thirty days from the date of signing this agreement.

ARTICLE. 3.

The employer shall pay to the Contractor for the works carried out according to Article.I of the Agreement the lump sum price Indian Rupees 100,000 (One hundred thousand only). The above lump sum price comprises the expenditure of travelling to and fro and stay in India of Yugoslav Experts for undertaking survey and the preparation of the Preliminary Project Report for fishing harbour at Malpe, Mysore State, India in Yugoslavia.

ARTICLE. 4.

The payment of Indian Rupees 100,000 (One hundred thousand only) shall be effected in advance, in non-convertible Indian Rupees in favour of the Contractor, in the account maintained in India by the Yugoslav Bank for Foreign Trade Beograd with any schedule Bank in India as per the Trade and payment Agreement entered into between Government of India and Government of the Federal Socialistic Republic of Yugoslavia dated 13th October 1962.

ARTICLE. 5.

In case of any dispute arising out of the present agreement or in connection therewith, the authorised representative of both parties shall immediately consult with each other and endeavour to arrive at a mutual agreement in the said dispute. In the absence of such an agreement, the dispute shall be referred to the arbitration of two arbitrators. Each party will nominate one Arbitrator and the dispute placed before the two Arbitrators for settlement. The Arbitration shall be held at Bangalore and will be governed by the provisions of the Arbitration Act, 1940.

ARTICLE. 6.

The Contractor shall deliver the Preliminary Project Report for fishing harbour at Malpe, Mysore State, India within five months reckoned from the date of payment received through the advise of the Yugoslav Bank for Foreign Trade Beograd addressed to the Contractor. The Contractor shall hand over to the Employer the Preliminary Project Report for fishing harbour at Malpe, Mysore State, India, in 6 (six) copies in English language.

ARTICLE. 7.

The Employer shall correspond with the Contractor at the following address:-

The Manager,
United Commercial Bank Ltd.,
K.G.Road, Bangalore-9.

Sir,

Please refer to your letter No.6227 dated 27.5.66 regarding Malpe preliminary project report - payment of Rs.1 lakh towards advance.

I am sorry there has been some delay in replying to your letter and placing the funds. The funds are operated by Public Works Department since it is a construction job and as such the Chief Engineer concerned has been addressed in the matter and I have requested personally the Director of Fisheries in Mysore, Bangalore to speak to the Director of Fisheries in Mysore, Bangalore to speak to the Chief Engineer's office and make available the funds immediately.

As regard s bank commission charges the matter is under consideration of Govt. and a reply will be sent to you very soon. I was informed by your office that you would need Form 7 as well as copy of the agreement for clearance in the Reserve Bank of India. I am making arrangements to obtain the same and sending it to you on Monday the 13th June 1966.

Yours faithfully,
sd/-

To

The Chief Engineer,(C & B)
BANGALORE.

Sub:- Development of Fishing harbour at Malpe with the assistance from Yugslovia - sanction of 1.00 lakh for preliminary survey by Messrs.Invest Import New-Delhi.

Ref:- G.O.No. AF 86 VFS 63 dated 13-5-66-

---x---

In the Government Order cited above, (copy enclosed) Government have accorded sanction to incur an expenditure of Rs one lakh for payment in advance to Messrs.Invest Import Co., 3 Ring Road Lajpat Nagar-III, New-Delhi-14 to meet the preliminary expenses in connection with the survey and preparation of preliminary project report of the Fishing Harbour at Malpe as per the terms of the agrsement entered into with the firm. The Government have also ordered in the same Government Order that the amount should be paid in non-convertible rupees by a credit of the amount to the account of the National Bank of the People's republic of Yugoslovia with any commercial Bank in India and debit the expenditure to 103-Capital outlay on Public Works-u-Development works (ii) Centrally sponsored Schemes-II Fisheries. In this connection I have to state that in the Budget estimate for 1966-67 of this Department communicated to you in this office letter No.BGT/1932/65-66 dated 7-4-66 a sum of Rs 10 lakhs has been provided under 103-Capital outlay on Public works-u-Development Scheme(ii) Centrally sponsored scheme-original works-buildings-D.Agriculture-D-Fisheries(i) Development of Fishing Harbours. The amount of Rupees One lakh to be paid in advance to Messrs. Invest Import Co., has been provided in the lumpsum provision of Rs.10 lakhs referred above. I request you therefore kindly to take early action to arrange to credit the sum of Rs 1 lakh to the account of the National Bank of People's Republic of Yugoslovia with any commercial Bank in India (Messrs.Invest Import have since indicated that the United Commercial Bank will handle this transaction on their behalf).

I request you kindly to treat the matter as extremely urgent and arrange to credit the amount as early as possible.

Yours faithfully,

Sd/.

Director of Fisheries.

In the Government Orders cited above, sanction was accorded for the payment of Rs.1.00 lakh to Messrs. Invest Import Co., 3 Ring Road, Lajpat Nagar III, New Delhi-14, to meet the expenses in connection with survey and preparation of preliminary project report for the fishing harbour at Malpe as per the terms of the agreement entered into with the firm. The expenditure was ordered to be debited to the budget head "103 Capital Outlay on Public Works - u- Development Schemes (ii) Centrally Sponsored schemes - Original works - Building- D. Agriculture-1-Fisheries Development of fishing harbour" (as corrected in the G.O. cited (2) above). On receipt of the Government sanction I addressed the Chief Engineer (Communication and Buildings) Bangalore in this Office letter cited (3) above to make the payment of the sum of Rs.1.00 lakh from the lumpsum of provision of Rs.10.00 lakhs made under the above budget head. This was followed by a D.O. letter dated 13-6-66 to the Superintending Engineer (Designs) and I discussed the matter over the phone with him and also at his suggestion with the Accounts Officer of the Public Works Department. A break-up of the sum of Rs.10.00 lakhs was also furnished as desired by him. In his D.O. letter No.Ports/FSC/2/66-67 dated 22-6-66 the Superintending Engineer (Designs) desired to know to whi division this work related and also pointed out the slight discrepancy in the detailed head of account as noted in the Government Order. The Superintending Engineer was informed

P.T.O...

2741

that the expenditure may be incurred by the Executive Engineer, P.W.D., Udipi Division and the Government were addressed for a correction of the head of account which was issued in the G.O. cited (2) above.

It is now learnt that the payment of the sum of Rs.1.00 lakh sanctioned in the Government orders cited above has not yet been made. It is understood that since the payment does not relate to a specific work undertaken by the P.W.D., that department cannot disburse the amount in question which is to be paid to a firm for their services in connection with the survey and preparation of preliminary project report for development of fishing harbour at Malpe. I further understand that Sri T.J. Ramakrishnan, Director, Agricultural Planning Cell, & Ex-Officio Deputy Secretary to Government, Agriculture & Forest Department, discussed this matter with the Finance Department and it was agreed that the objection of the P.W.D., to the payment of the amount by that department was correct and therefore the expenditure would have to be met from "31 Agriculture".

In this connection I write to state that as the expenditure on development of fishing harbours is treated as Centrally Sponsored Scheme in the Fourth Five Year Plan no provision was made by this department under "31 Agriculture" for this expenditure. It may be remembered that even during last year when the proposal to meet this expenditure by the State Govt., was taken up for consideration it had been suggested that the expenditure may be met from the sum of Rs.5.00 lakhs provided during 1965-66 for model tests, survey and construction of fishing harbours under the Crash Programme which again had been provided under "103 Capital Outlay" vide my letter No.BRW/199/63 dated 2-11-65 in reply to Government letter No.AF 86 VFS 63 dated 20-11-65 and this had been agreed to. Under the circumstances if the payment of this sum of Rs.1.00 lakh has to be made from "31 Agriculture" I request that this may now be ordered to be met from a new head of account to be opened under "31 Agriculture". The amount (Rs.1,00,200-00 including Bank Commission) required for disbursement may be provided by an advance from the contingency fund which may be recouped in the course of the year by supplementary estimate for which a corresponding surrender may be made from the sum of Rs.10.00 lakhs provided under "103 Capital Outlay". The expenditure cannot be met from the funds under other existing heads of account under "31 Agriculture". I request the favour of early orders.

Yours faithfully,

J/8.7.

SUBJECT: Advance of Rs. 1,04,200/- from the Contingency Fund - Survey of Fishing Harbour , Malpe.

—

PROCEEDINGS OF THE GOVERNMENT OF MYSORE

Finance Department

ORDER NO. FD 43 BCF 66, BANGALORE, DATED: 18TH JULY 1966, 27TH ASHADHA, SAKA ERA, 1888.

R E A D:

1. G.O. No. AF 86 VFS 63, dated 13-5-1966.
2. Corrigendum No. AF 86 VFS 63, dated 5-7-1966.
3. Letter No. BRW 3436/65-66, dated 8-7-1966, from the Director of Fisheries, Mysore, Bangalore.

O R D E R:

In modification of the Order and the Corrigendum read at 1 and 2 above it is directed that the expenditure on the survey of the Malpe Fishing Harbour should be debited to '31. Agriculture - n. Development Schemes - (ii) Centrally Sponsored Schemes - III. Fisheries - 1. Fishing Harbours' (New Head of Account to be opened).

2. Sanction is also accorded for an advance of Rs. 1,04,200/- from the Contingency Fund under the head of account mentioned in paragraph 1. The expenditure on account of the payment of Rs. 1 lakh to the Yugoslav Firm of M/s Invest Import, Bank Charges and Postage and incidental expenses on account of facilities to be provided by the State Government should be met out of this advance.

3. The Contingency Fund will be recouped in due course by presenting a Supplementary Demand to the Legislature.

Fishing Harbour Malpe

Sir,

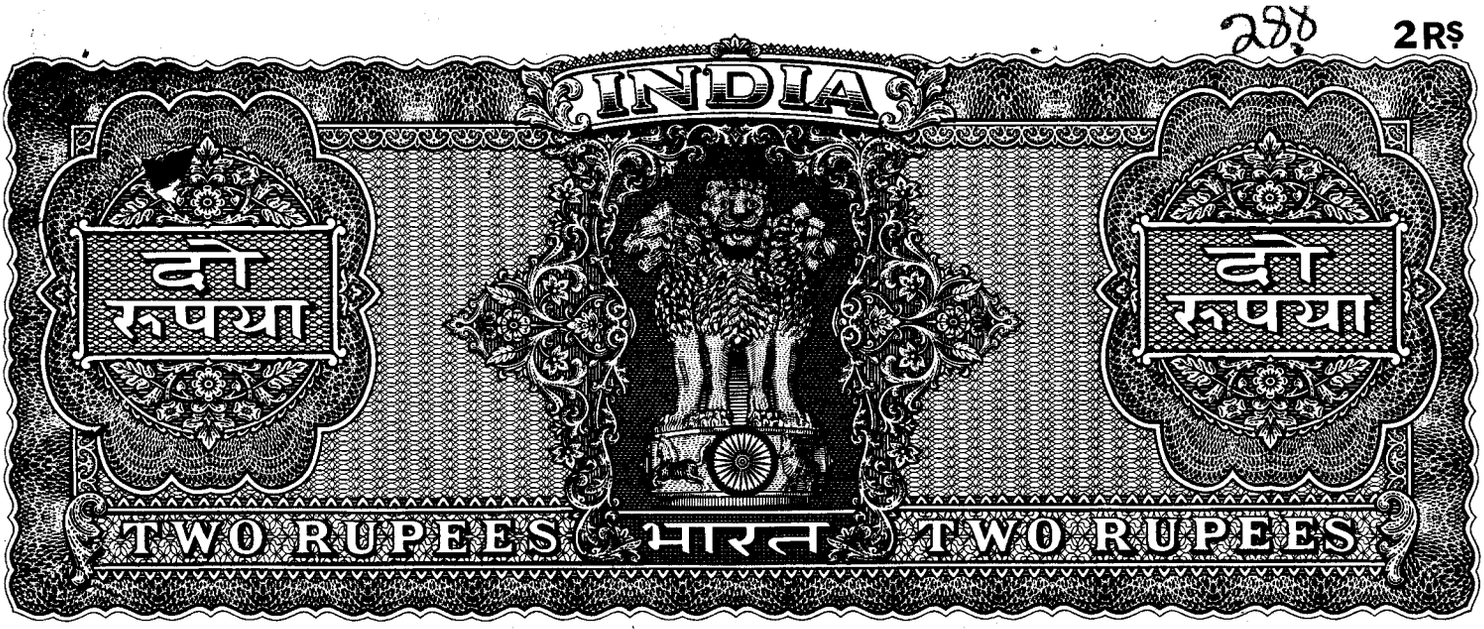
We have received a copy of letter No:79550-RM/GR/IP/66 dated 19.7.1966 addressed to you by the Yugoslav firm, M/s Invest-Import, requesting for revaluation of the contract value. We would like to know whether the contract is for import of equipment and machinery or whether it is for services like technical documentation, experts, etc. We would also like to know whether there is any provision in the contract allowing remittance of the contract value/ a part of the contract value in the Yugoslav account. We shall be grateful if you kindly let us know the position in the matter and also send us a copy of the contract with the Yugoslav suppliers to enable us to advise the State Govt. in the matter.

Yours faithfully,

(P.N. Subramanian)
Deputy Secretary to the Government of India.

P.A.
Shri Lakshmikanta Rao has the note and the letter
Pls. If you can put up the file and the letter with draft.

28/7/66



THIS AGREEMENT made the Twentieth day of May 1966 between Governor of the State of Mysore, India, (hereinafter called the Government of Mysore and referred to as "The Employer") of the one part and M/s. Invest Import, Export and Import Company for industrial equipment, Terazije 5 Beograd, Yugoslavia (hereinafter called "The Contractor") of the other part.

ARTICLE I

The Contractor shall depute in time their team of experts which shall stay in India and undertake survey and prepare in Yugoslavia the Preliminary Project Report, which will give an indication of the feasibility of the entire project of fishing harbour at Malpe, Mysore State, India, as per letter issued by Government of India, Ministry of Food and Agriculture, New Delhi, No.F.27-12/63-FY (D) dated 31-12-1965 and letter issued by the Contractor No.76880-RM/GR/IP/PB/65 dated 4-1-1966. The Contractor shall work out and deliver to the Employer the Preliminary Project Report for fishing harbour at Malpe, Mysore State, India which shall include the equipment etc., to be offered under the credit arrangement from Yugoslavia.

ARTICLE 2

The Employer shall make the arrangement and put on disposal to the Contractor free of charge the following equipment, material, informations and labours:-

1. One fishing vessel by which may be executed different fish catches. This vessel as per local possibility has to be equipped with the appropriate net and other ancillaries.

2. Echo - Sounder.

3. One old experienced fisherman for efficient study of the fish locations, who knows local conditions.

4. Geographical Maps of Malpe area.

Secy., Agri. & Forest Depts.

11 MAY 1966
BANGALORE

289

1312 / 2-00
M/S. Invest / Import
19.5.66

5. Literature about Malpe surroundings with the type of fish and quantity which is expected to be available for catching.

6. Underwater explosives.

7. Sufficient quantities of ice for fishing vessel for the longer period of catching.

8. Information about power supply, voltage, frequency, water supply position and water analysis at Malpe.

9. The source of supply of tin boxes and distances.

10. Information about the labours, wages, insurance etc.

11. Information about climate conditions, tides, winds, temperature, moisture etc.

12. One or two passenger cars for transport facilities.

13. Surveying instruments as required.

14. Information about construction material available for the building purpose of the port in the vicinity of Malpe.

15. Soil bearing data at Malpe.

Items 4 to 15 above have been embodied in the form of a questionnaire and submitted to the Employer with a letter of the Contractor dated 29-4-1966. The Employer shall furnish information required in the questionnaire within a period of thirty days from the date of signing this agreement.

ARTICLE 3

The employer shall pay to the Contractor for the works carried out according to Article I of the Agreement the lump sum price Indian Rupees 100,000 (One hundred thousand only). The above lump sum price comprises the expenditure of travelling to and fro and stay in India of Yugoslav Experts for undertaking survey and the preparation of the Preliminary Project Report for fishing harbour at Malpe, Mysore State, India in Yugoslavia.

Contd...3

G. S. SRINIVASAN,
Secy. Agri. & Forest Dept.

ARTICLE. 4.

The payment of Indian Rupees 100,000 (One hundred thousand only) shall be effected in advance, in non-convertible Indian Rupees in favour of the Contractor, in the account maintained in India by the Yugoslav Bank for Foreign Trade Beograd with any schedule Bank in India as per the Trade and payment Agreement entered into between Government of India and Government of the Federal Socialistic Republic of Yugoslavia dated 13th October 1962.

ARTICLE. 5.

In case of any dispute arising out of the present agreement or in connection therewith, the authorised representative of both parties shall immediately consult with each other and endeavour to arrive at a mutual agreement in the said dispute. In the absence of such an agreement, the dispute shall be referred to the arbitration of two arbitrators. Each party will nominate one Arbitrator and the dispute placed before the two Arbitrators for settlement. The Arbitration shall be held at Bangalore and will be governed by the provisions of the Arbitration Act, 1940.

ARTICLE. 6.

The Contractor shall deliver the Preliminary Project Report for fishing harbour at Malpe, Mysore State, India within five months reckoned from the date of payment received through the advies of the Yugoslav Bank for Foreign Trade Beograd addressed to the Contractor. The Contractor shall hand over to the Employer the Preliminary Project Report for fishing harbour at Malpe, Mysore State, India, in 6 (six) copies in English language.

ARTICLE. 7.

The Employer shall correspond with the Contractor at the following address:-

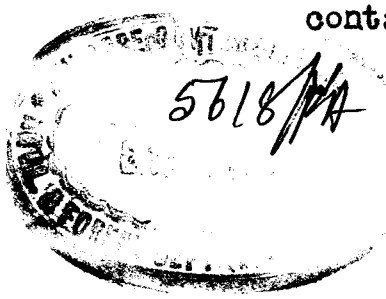
CALCUTTA-13 28.7.1966

Secretary to the Government of Mysore,
Department of Agriculture and Forest,
Vidhan Soudha,
BANGALORE(Mysore State)

Dear Sir,

Sub: Malpe Project

Our principals in Belgrade have instructed us to contact you on the following points:



The designers of the project are anxious to receive the questionnaire, duly completed by you, which was submitted to you with our letter of 29.4.1966. Although the experts collected a deal of information during their visit, they find that they require your confirmation and view on some of the items contained in the questionnaire before the designers can proceed further with the work. Please be informed that the last paragraph of article 2 of the contract requires you to furnish the information by 20.6.1966. We shall appreciate it if the completed questionnaire could be sent at a very early date.

2/ Enclosed herewith please find a Draft Proposal for Designing of the Fisheries Center in Malpe which the experts have prepared for your general information. They would like you to examine the draft proposal and to have your comments and opinion. You will observe that this draft proposal gives a clearer definition of the Center, indicates the capacity of the plants and gives more specific information about transportation, fishing gear, workshops, services, capital investment etc. Your opinion, comments and suggestions will help the designers to prepare a more comprehensive project report. We shall be very glad to receive your reply soon.

3/ Our New Delhi office worte to you on 19.7.1966 that the value of the contract is now Rs.157,500, following the change of parity of the rupee. We sent you our invoice No.IV/Malpe/1 dt.20.5.1966 for Rs.100,000

MM 2/8

..2

which likewise should be revalued to Rs.157,500. Please let us know if your accounts officer wishes to have a separate invoice for the difference and inform us when you expect to deposit the sum of Rs.157,500 in our account with the United Commercial Bank Limited, Bangalore. The bank wrote to you on 24.6.1966 to advise you that they have obtained the approval of the Reserve Bank of India, Madras for remittance to Belgrade of the initial value of contract.

Thanking you for your prompt attention to this letter, we remain,

Yours faithfully,

DRAFT PROPOSAL FOR DESIGNING OF THE FISHERIES CENTER MALPE -INDIA

I. FISHING

1. Fishing Vessels

10-15 trawlers for combined fishing(trawl nets, purse seine etc.)

The trawlers will be of steel construction, length 18-26 m, equipped with modern navigational systems and detection of shoals (echo-sounder), equipment for drawing of nets(winches, power-blocks etc.). The exact number of trawlers will be established in the preliminary project report.

2. Fishing Gear

The fishing nets will be adapted to the vessels under 1 above. The size of the nets for the present will be approximately in accordance with experience in Yugoslavia and the exact size will be based on the results of the catches by the first fishing trawler.

All the nets will be made of synthetic material.

3. Transportation of Fish to Center

It is foreseen to provide special vessels to collect the fish from the fishing trawlers operating in distant fishing grounds. The numbef of transport vessels will be determined in the preliminary project report. It is estimated that 2-3 vessels will be required of about 30 m with speed not over 10 nautical miles.

The ships will be built of steel, provided with insulation and cooling equipment.

4. Production, repair and storage of fishing tackle, modelling of nets, mending of damaged nets and tackle.

Storage of Nets and Other Fishing Gear

This work will be carried out in a separate building or shed with a division for each kind of activity as required under this heading.

II. PROCESSING OF FISH

1. Taking Over of Fish(Auction)

The auction building will be a light structure, provided with a weighing scale, transporters and other equipment for speedy receipt and delivery of fish.

2. Ice Production Plant

Ice will be made in blocks from fresh water. The capacity, according to Indian experts, should be at least 150 t/24 hrs.

3. Freezing Plant

Two tunnels each of 10 t/8h capacity, temperature -35°C and 2 contact plate freezers of 1 t temperature -42°C. The designer may find it necessary to change the temperature when working out the details for the preliminary project report.

4. Cold Storage Plant

Required for storage of fresh and frozen fish, ice and other products. Storage capacity not under 1000 tons. Cooling temperatures: 0°C, -5°C and -18 to 30°C.

The relation between the surface and the storage temperatures will be established when preparing the preliminary design.

5. Canning Plant

One line for canning of small fish (mackerel, sardines etc), capacity 8t/8h.

One line for canning of shrimps, capacity 4t/8hrs.

Space will be provided for line for canning of tunny-fish in view of the possibility of catches of tunny or tunny-like fish in the open sea in the direction of Malpe.

6. Curing Plant

Building for salting of fish and storage of salted fish.

7. Fish Meal Plant

A fish meal plant is under erection in Malpe of a daily capacity of 35t of raw material, and only the location and main requirements will be indicated for a second fish meal plant should another plant become necessary in the future.

8. Tin Producing Plant

One line for making of tins for mackerel and sardines for the capacity shown under item 5, also to cover the requirements of the existing canning plant in Malpe. One line for round tins for the quantity shown under item 5, also to supply the existing canning plant in Malpe.

III. TRANSPORTATION OF FINAL PRODUCTS

Refrigeration vehicles, trucks, small insulated vehicles for delivery of fresh, frozen, cured and other products, also transportation of basic materials required by the Center.

Organisation of transport for export.

IV. POWER AND WATER

1. Design of electrical installations:

   a) Motor panel

   b) Exterior lighting

   c) Interior lighting

2. Design of boiler and steam installations:

Water supply:

a) for sanitary use

b) for technological process

It is expected that water will be drawn from tube wells to be bored in the vicinity of the Center. The preliminary project report will not provide conditioning of water.

3. Auxiliary Works and Services

1. Mechanical workshop for regular maintenance of plants.
2. Electrical workshop for regular maintenance
3. Barrel and carpenter workshop.

V. HARBOUR AND OTHER CIVIL ENGINEERING WORKS

1. Lay-out plan for approach canal, wharfs, buildings for processing, administration, training center, power installations, warehouses and other auxiliary constructions (workshops, porter's lodge, wardrobe, sanitary installations, canteen etc.)

2. Plan of traffic and other operative surfaces.

The approach canal and wharfs will be designed according to the type and size of the proposed vessels of a depth of about 4 meters under the lowest water-level. The preliminary project report will foresee dredging of the bar to the required depth and construction of break water. The definite place and size of the breakwater will be established by the experimental station in Krishnaraja Sagar which is conducting trials on a model of the mouth of Malpe river.

For the purpose of cost, the preliminary project report will provide for a length of 450 m for the breakwater.

The harbour will be located on the north bank of Malpe river, at the mouth of the river, between

299 298

the present commercial port and the present passenger approach road, and provision will be made for future extensions.

In case the tests of the model show that the required depth of the bar will involve expensive constructions and that maintenance of the entrance canal will incur heavy expenses, the preliminary project report will propose other methods for construction of the harbour.

The feasibility, practicability and profitability of these methods will have to be examined and demonstrated by model testing.

3. Inspection Bungalow(Number of bungalows required)

VI. SHIPYARD

General lay-out plan of the shipyard with wharfs, shipways, workshops and equipment.

The shipyard will build steel vessels of about 25m, carry out repairs of all craft and build wooden vessels. The output of the shipyard will be in accordance with the requirements and will make provision for the future development of the Malpe region.

VII. SPECIFICATION OF EQUIPMENT

For fishing, processing, transport, power, auxiliary works and services and shipyard.

VIII. STATEMENTS OF CAPITAL INVESTMENT

1. Approximate capital investment for civil engineering work.

These statements will be based on rates per sq. meter for buildings, on rates per running meter for wharfs, water supply and sewage and on rates per cubic meter for excavations and filling.

IX. ERECTION OF EQUIPMENT AND SUPERVISION OF ERECTION

1. Erection of total quantity of equipment
2. Supervision of erection work

X. SUPERVISION OF CIVIL ENGINEERING WORKS

XI. COMMISSIONING OF CENTER AND TRIAL PERIOD

1. Fishing vessels
2. Fish processing plant
3. Shipyard
4. Other plants and workshops

XII. TRAINING CENTER

1. Training of fisherman and foremen
2. Training of motor operators on vessels and in cold storage plant.
3. Training of technologist
4. Training of shipbuilders for steel and wooden ships.

The training of personnel will be both practical and theoretical and will be provided with equipment required for this purpose.

XIII. FIRE PROTECTION

XIV. ARRANGEMENT FOR FINAL (FIELD) DESIGNS

XV. ECONOMIC ANALYSIS

This study will deal with the rationality of the project and the material profitability of the Center. The study will cover the whole Center, except the shipyard for which a separate analysis will be prepared.

D.O.No.AP 86 VPS 63.

Dear Sri Subramanian,

Kindly refer to your letter No.38/6/66-C I (II), dated 23rd July 66, regarding Fishing Harbour at Malpe addressed to the Secretary to Government of Mysore, Agriculture and Forest Department.

We have received letter No.799550-AM/GB/66, dated 19th July '66 from the Yugoslav firm Messrs Invest Import requesting for revaluation of the contract value. The contract is for services of technical documentation, experts etc. I am enclosing, herewith, a copy of the contract agreement which will give you a clear picture of the issue-particularly Articles 1, 3 and 4 of the Agreement.

As regards any provision in the contract allowing remittance of the contract value/a part of the contract value in the Yugoslav account Article 4 clearly states that Rs.1 lakh shall be effected in non-convertible Indian Rupees in favour of Messrs Invest-Import Ltd. in the account maintained in India by the Yugoslav Bank with any schedule Bnak in India as per the trade and payment agreement entered into between Government of India and the Government of Yugoslvia dated 13-10-1962.

I hope this will meet your requirement. If there is anything further you need kindly let me know.

With respectful regards,

Yours sincerely

Sd/-

Sri P.N.Subramanian,
Deputy Secretary to the
Government of India,
Ministry of Finance,
(Economic Affairs),
New Delhi.

Krishi Bhavana,
New Delhi-1.

Dear Sir,

Sub:- Fishing Harbour Malpe.

We have received your letter No: 25-9/66-FY(D) dated 2nd August,1966 in which you have refer to our letter of 19th July,1966 addressed to the Government of Mysore regarding the devaluation of the Contract.

We are enclosing herewith the copy of the contract signed by The Government of Mysore, and Approved by this Ministry and The Ministry of Finance and Economical Affairs. In the article No: 4, it is clearly mentioned that the amount of Rs. 1 lakh shall be effected in advance, in non-convertable Indian Rupees in favour of the contract, in the account maintained in India by the Yugoslav Bank for Foreign Trade Beograd with any schedule Bank in India as per the Trade and Payment Agreement entered into between Government of India and Government of The Federal Socialistic Republic of Yugoslavia dated 15th October,1966.

The above amount is envisaged in the article No: 3 of the contract in a lumsum. The above lum sum price comprises the expenditure of travelling to and fro and stay in India of Yugoslav Experts for undertaking survey and preparation of the preliminary Project Report for Fishing Harbour at Malpe of Mysore State, in India at Yugoslavia.

It is therefore, to understand that all the above expenses occured should be considered as a Foreign Exchange Expenditure by Yugoslav Contractor.

309 24

The revaluation of all contracts signed between different parties of India and Yugoslavia is negociated by both the Government through their delegations and a protocol signed on 16th July,1966 that all the effected contract will be revalued for 57.5% due to the devaluation of the exchange of Indian Rupee.

The effective contract should be considered. The contracts signed between the parties of India and Yugoslavia which are approved by the Ministry of Finance and Economical Affairs, the Government of India.

As the above contract is considered also as it is above mentioned, we would request you to undertake the necessary steps and revalue the above contract.

In the meantime, we are assuring you of our best co-operation at all times.

Thanking you, we remain,

Yours faithfully,
Invest-Import,

(Ing. B. Grgic.)

SUBJECT: FISHING HARBOUR, MALPE.

Dear Sirs,

It is understood that on the 19th July, 1966, you addressed a letter to the Government of Mysore asking them for revaluation of the contract value.

In this connection, we would like to know whether the reference is to the amount of Rs.1 lakh paid to you for undertaking the survey and preparing a preliminary project report which will give an indication of feasibility of the entire project. If so, we would like to point out that this amout was specifically sanctioned to cover the expenditure on Yugoslav Experts on travelling to and fro and on their stay in India for undertaking the survey. The circumstances under which for undertkaing th the survey. The circumstances which the revaluation of this contract has been suggested may please be intimated. Prima facie, no foreign exchange expenditure is involved and, therefore, the question of revaluation of the contract should also not arise. We shall be grateful to have your comments before a final decision is taken.

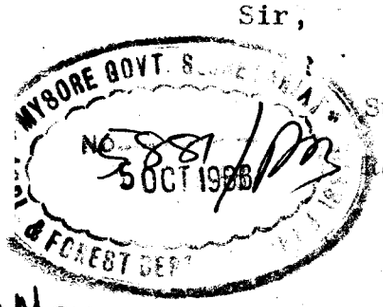
Sir,



Sub:- Fishing Harbour at Malpe.

Ref:- Government letter No.AF.86VFS 63 dated 27-8-1966.

****

I have to state that the Yugoslav Experts headed by Velimir Junacie visited the Mysore Engineering Research Station, Krishnarajasagar to have an idea of the studies on Malpe Port. The following suggestions were made by the delegation, which are now being studied on the prototype model of Malpe Port.

1) Depth of 13' over the bar is necessary for the Fishing Harbour and it should be possible to increase this depth to 20' at a later stage.

2) To conduct studies to find out the feasibility of extending the approach channel with a depth of 13' to the proposed Fishing Harbour.

3) To conduct a comparative study of the proposed location of the Fishing Harbour with the existing one at the R.C.C.Jetty.

4) To find out the feasibility of opening out a new approach channel to the north of the existing approach channel limiting to bed width to 100' to 150' and depth 13'.

5) The opening between the existing islands might be closed and its effect on the approach channel to be started from the southern side to the sea might be examined.

6) To examine the effect of diversion of the river into the sea to the south of the existing gut on the approach channel as already proposed.

In view of the above suggestions of the Yugoslav delegation, the site and the protective works like breakwaters, etc., indicated in the draft proposals

Jt.Director., Ag., Plng.
No. 372
Date 17-10-66

New Delhi, the 12th October, 1966

Dear Shri Ramakrishnan,

Please refer to your letter No.AF 86 VFS 63 dated the 3rd August, 1966 regarding the State Government's contract with M/s Invest Import of Yugoslavia for the preparation of a preliminary project report for the development of fishery harbour at Malpe.

2. The matter was discussed with Mr. Grgic of Invest-Import and Mr.Zee of the Yugoslav Embassy by the Ministry of Commerce. It is understood that the travels in question were completed in May 1966. At that time the firm concerned paid dinars in Yugoslavia for purchasing rupees in India. If they are to recoup the same amount in dinars, they will have to be paid 57.5% more in rupees. Besides in accordance with the contract the whole amount of Rs.1 lakh is remittable. In the circumstances, we find that the claim for increasing the value of Rs.1 lakh by 57.5% has to be accepted. You may kindly take action accordingly.

Yours sincerely,

(M.R. BHARADWAJ)

Sub:- Development of Fishing Harbour at Malpe with the assistance from Yugoslavia - Sanction of additional sum of Rs. 57,500/- to Messrs. Invest Import, New Delhi.

Dear Sir,

Please refer to your D.O.letter No.38/8/66-CIE (II) dt.19-10-66 on the subject. I am to state that the State Govt. have issued orders sanctioning the additional sum of Rs. 57,500/- to the firm in the light of the reasons mentioned in your letter, copy of which is enclosed.

Since the scheme has been treated as a Centrally Sponsored Scheme and that the State Govt. had to incur extra expenditure on account of devaluation, I am to request you kindly to treat the scheme as a Centrally Sponsored Scheme with 100% Central Assistance and communicate the decision of Govt. of India early.

Yours sincerely,

Sri. M.R. Bharadwaj,

Sub:-Fishing Harbour at Malpe.

I am directed to invite reference to letters p.139 e/f. p.175 e/f
No. F.27-12/63-FY(D) dated 31-12-65 and 29-3-1966 of the G.O.I. addressed to M/s. Invest Import and copied to this Govt. on the above subject and to state that the State Govt. sanctioned an expenditure of 1.00 lakh for payment in advance to Messrs. Invest Import Co., in G.O. dated 13-5-1966, after entering into an agreement with the Firm on 20-5-66, Since then Messrs. Invest Import Co., wrote to the State Govt. on 19-7-66 that the State Govt. has to pay Rs. 1,57,500/- as against Rs. 1,00,000/- agreed upon before the devaluation of the Rupee. Sri. M.R. Bharadwaj, Jt.Director, Ministry of Finance Dept. of Economic Affairs, in his D.O.letter dt. 12-10-66 also supported the claim for increasing the value of Rs.1.00 lakh by 57.5%. The State Govt. have accordingly sanctioned the payment of an additional sum of Rs.57,500/- to the Firm.

ISSUED 25/1/196

† p.195 e/f. ‡ p.283 e/f. ‡ p.339 e/f ‡ p.343 e/f

The Scheme for Fishing Harbour at Malpe is entitled to Central Assistance to an extent of 50% by way of subsidy and 50% by way of loan (vide D.O.letter No. 27-12/63-FOL dated 19-8-63 from Sri. S.K. Patil, Ministry of Food & Agri. G.O.I.). But consequent of the devaluation the State Govt. had to meet extra expenditure.

In the circumstances, I am to request you kindly to move the Govt. of India and communicate their approval for treating the scheme for cent

333.

per cent Central assistance in the form of grant and subsidy.

Yours ~~faithfully,~~ Sincerely

Sir,

Sub: Fishing Harbour at Malpe - Payment of Revised Sanction of Rs. 57.50 Lakhs -

I am directed to invite your kind attention to MO No MF 86 UFS 63 dt. 28/11/66 which sanctioned the payment of Rs. 57,500 to meet the cost of land to be acquired for the Fishing Harbour at Malpe. The amount has been kept in readiness by the Collector of Udipi but has not been paid so far by the Department.

In this connection please see the letter of the Director bearing No. 82856-AH/11 GA/PTD/67 dated 1-2-1967 addressed to you and copied to this Dept. in which it is stated that the Collector of Udipi has not received the payment of the land cost.

Subject:- Fishing Harbour at Malpe-Increase in the contract value for survey and preparation of preliminary Project Report due to devaluation of the par value of rupee.

.....

Sir,

I am directed to say that the Ministry of Commerce, New Delhi in their letter No.14(11)-5(2)/66-FTC(19), dated 24th January, 1967 addressed to the Director, Fisheries Centre, Malpe (Mysore), have requested that additional payment of 57.5% due to devaluation of the rupee in the contract value of Rs.1 lakh for survey and preparation of preliminary project report of Malpe Harbour may be made immediately. Since this claim of the Yugoslav party has been accepted by the Ministry of Finance, Department of Economic Affairs vide d.o. letter No.38/8/66-CIE(11), dated 12th October, 1966 from Shri M.R.Bharadwaj to Shri T.J.Ramakrishnan there should not be any objection in the admittance of the claim. Further, it is an international obligation to honour the terms of the protocol signed by the two Governments.

I am, therefore, to request that arrangements may kindly be made for payment of the contract value of Rs.1 lakh enhanced by 57.5% due to devaluation of rupee at an early date.

Yours faithfully,

(N.S.P.Yadava)

Under Secretary to the Govt.of India.

Dear Sir,

Fishing Harbour Malpe - Payment of Additional amount of Rs.57,500 - for the Preliminary report consequent on the devaluation

.....

On an application to Reserve Bank of India, Madras, for their approval for the remittance to Ms. Invest Import, Belgrade, we have been asked by them to furnish the following documents/particulars to enable them to consider the matter further.

1. When the preliminary project report was submitted?

2. Why the payment could not be remitted by the applicants before 6.6.66 as the agreement was signed on 22.5.66 and in terms of article 4 thereof the payment should be effected in advance.

3. An additional copy of the relative contract approved by Government of India together with a copy of the letter received from the Ministry of Finance conveying their approval.

Due to the urgency of the matter, we very much appreciate your immediate attention in respect of this in sending the above mentioned particulars/documents to us, for approaching Reserve Bank of India, Madras, for the necessary approval.

Thanking you,

Yours faithfully,

Manager.

(P.N. Subramanian)
Deputy Secretary.

M.R. Bharadwaj
Joint Director.

No. 38/8/66-CIE(II)
Government of India
Ministry of Finance
(Department of Economic Affairs)

New Delhi, the 12th October, 1966.

Dear Shri Ramakrishnan,

Please refer to your letter No. AF.86 VFS 63 dated the 3rd August, 1966 regarding the State Government's contract with M/s. Invest Import of Yugoslavia for the preparation of a preliminary project report for the development of fishery harbour at Malpe.

2. The matter was discussed with Mr. Gregic of Invest-Import and Mr.Zec of the Yugoslav Embassy by the Ministry of Commerce. It is understood that the travels in question were completed in May 1966. At that time the firm concerned paid dinars in Yugoslavia for purchasing rupees in India. If they are to recoup the same amount in dinars, they will have to be paid 57.5% more in rupees. Besides in accordance with the contract the whole amount of Rs. 1 lakh is remittable. In the circumstances, we find that the claim for increasing the value of Rs. 1 lakh by 57.5% has to be accepted. You may kindly take action accordingly.

Yours sincerely,

Sd/- M.R. Bharadwaj

Shri T.J. Ramakrishnan,
Director of Agriculture Planning Cell
and Ex-officio Deputy Secretary to the

The Secretary to the Government of Mysore,
Agriculture and Forest Department,
Bangalore.

Sir,

Sub: Fishing Harbour at Malpe - Payment of revalued sum of Rs.157.50 lakhs.

Ref: No.AF 86 VFS 63 dated 13-2-67.

With reference to the payment of an additional sum of Rs.57,500 as sanctioned by the Government in their order No.AF 86 VFS 63 dated 28-11-66 to M/S Invest Import Company, New Delhi, I write to state that the firm was addressed to send a stamped bill for the amount. This has just been received and action is being taken to make the payment to the firm.

Yours faithfully,

Director of Fisheries.

Dear Sirs,

Re: Payment of additional amount of Rs.57,500/- for the preliminary project report for ~~xhx~~ fishing harbour at Malpe
.....

Please refer to our letter No.F.Ex.67 dated 23rd June 1967 addressed to The Asst. Controller, Reserve Bank of India, Madras, with a copy to you.

We are happy to inform you that today we received the necessary clearance from Reserve Bank of India, Madras and we have accordingly telexed our Parliament Street Office, New Delhi for payment of Rs.57,500/-.

We are sorry that we were unable to obtain the necessary approval much earlier inspite of our best efforts in this behalf. You will please appreciate that the delay has occurred due to reasons beyond our control.

We assure you of our preferred attention always.

Thanking you

Yours faithfully,

Manager.

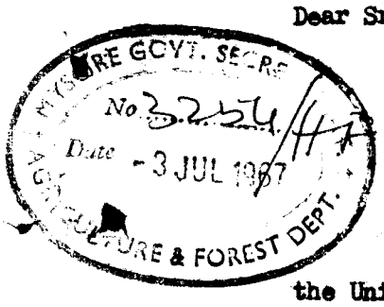
G. LAKSHMINARAYANA RAO, M.A.,
Director of Fisheries.

Office of the
Director of Fisheries in Mysore.
Bangalore-1 dated 27th June 1967.

D.O.No.BRW/3435/65-66-1.

Dear Sri Ramakrishnan,



Sub: Fishing Harbour Malpe - Payment of Additional amount of Rs. 57,500/- - for the Preliminary report consequent on the devaluation -

Kindly refer to the letter No. F.EX.67/3038 dated 5-5-1967 from the United Commercial Bank Ltd., Bangalore addressed to this office and copied to you. I believe that Sri Jayaraj had already discussed this matter with you. The sum of Rs. 57,500/- due to be paid to M/s. Invest Import has been paid to the United Commercial Bank Ltd., for crediting the amount to the firm. The Bank has not been able to remit the amount to M/s. Invest-Import, Beograd on account of certain queries raised by the Reserve Bank of India. I furnish below the particulars in respect of the 3 items mentioned in the letter of the Bank.

(1) When the preliminary Project report was submitted:

The preliminary Project report is still awaited from the firm. In a recent reply to a reminder from this office, the firm has stated " we have noted the urgency of the Preliminary Project and requested our Head Office to expedite the same. Therefore we shall revert to the subject in due course of time". The firm is being reminded. Possibly the firm's Head Office in Yugoslavia is awaiting the payment of the sum of Rs. 57,500/-.

(2) Why the payment could not be remitted by the applicants before 6-6-1966 as the agreement was signed on 22-5-66 and in terms of article 4 thereof the payment should be effected in advance:

The expenditure of Rs. 1.00 lakh for the preliminary survey was first sanctioned in Government Order No. AF 86 VFS 63 dated 13-5-1966 but the payment could not be made immediately because the matter was under correspondence regarding the agency and procedure of payment. As you would be aware, the Government had first ordered the debit of the expenditure to "103 Capital outlay" and the Chief Engineer (Communications and Buildings) was requested to pay the amount. However, after some protracted correspondence, the Government issued revised orders in G.O. No. FD 43 VCF 66 dated 18-7-1966 sanctioning the expenditure under

p.t.o

"31-Agriculture" and thereafter the amount was paid.

(3) An additional copy of the relative contract approved by Government of India together with a copy of the letter received from the Ministry of Finance conveying their approval.

This may kindly be furnished to the Bank.

I would like to suggest that it would be appropriate if a reply to the Bank furnishing the required information is issued from the Government so that the Reserve Bank can be furnished with the information for approving the remittance of Rs. 57,500/-. In order to enable us to obtain the preliminary Project report without further delay, I shall be grateful if you would kindly look into this matter personally and arrange to take necessary action.

Yours sincerely,

(G. LAKSHMINARAYANA RAO)

Dear Sirs,

Dispatch of Preliminary
Project Report on Fishing
Harbour at Malpe,Mysore

We are referring herewith to the Article 6 of the Agreement entered into between your goodselves and our Company on 20th May,1966 and have pleasure in informing you that in accordance with the provisions thereof today we are dispatching to your address under six (6) separate covers by registered airmail the Preliminary Project Report on Fishing Harbour at Malpe,Mysore.

Kindly note that each cover contains two (2) Volumes of the Preliminary Project Report: the Volume I with the detailed Technical description and the Volume II with corresponding drawings.

Thereby we are correctly executing our obligations per the mentioned Contract with your goodselves and hope that this Preliminary Project Report will be to your satisfaction.

We feel we must state here that, due to certain local Bank regulations, we had to check the dispatch of the subject Preliminary Project Report till payment of Rs.57.500.-(difference between the contracted amount

and the revalued contracted amount after the change of parity of the rupee) to the account of Yugoslav Bank of Foreign Trade in India.

As we have been informed that the above payment was effected on 30th June,1967 we are hastening to execute the dispatch of the Project.

We are looking forward to your acknowledgement of the Preliminary Project receipt.

Yours faithfully,

31st July

The
Agriculture & Forest Department.

The Secretary to Government of India,
Ministry of Food, Agriculture,
Community Development & Co-operation,
(Department of Agriculture),
NEW DELHI.

Sir,

Sub: Development of Fishing Harbour at Malpe with Yugoslavia Assistance --

Ref: i) Your lr.No.27-12/63-FY(D) dated 29-3-66 and
ii) -do- No.25-9/66-FY (D) dated 18-2-67 from the Ministry of Food, Agriculture C.D. & C. (Department of Agriculture).

Date 31.7 1967

I am directed to invite your kind attention to the subject mentioned above and to state that the Yugoslavia authorities have since despatched the preliminary project report on Fishing Harbour at Malpe which is being examined by the concerned officers in the State Government. Meanwhile, your kind attention is invited to D.O.Letter No.27-12/63-FY(D), from the Minister for Food and Agriculture addressed to the Minister for Fisheries of State Government assuring of Central assistance to an extent of 50% by way of subsidy and 50% by way of loan since this is construction of Fishing Harbour in Minor Ports. As you are aware the total cost of the scheme at that time was estimated to be Rs.120/- lakhs of which Rs.60 lakhs was to be in the shape of foreign exchange. There has since been devaluation and as a result the foreign exchange component will go up by approximately R.34.5 lakhs which means to say that the total will come to R.34.5 lakhs of foreign exchange alone. Of the remaining 60 lakhs rupee expenditure there has been a gradual rise in

363 Gen

price structure since last three years and hence this will easily go up by another 25% which means to say altogether the project will now cost approximately Rs.170 to 180 lakhs instead of Rs.120 lakhs. It is hoped that the Central assistance assured for the construction for fishing Harbours at Minor Ports will be available even if the cost goes up to Rs.170 to 180 lakhs in regard to the construction of the fishing Harbour with Yugoslavia assistance at Malpe. Please confirm.

---oOo---

1847/PR 3 AUG 1967

Kindly refer to the letter cited above. As you are aware, the preliminary project report on the Malpe Fishing Harbour has since been received from Messrs. Invest Import, Belgrade who were entrusted with this work. The report requires to be studied but on first glance it is seen that the comprehensive proposal for the project is roughly estimated to cost about Rs.237.00 lakhs. The firm has given alternative design for the construction of the harbour which may possibly effect some reduction in the cost if it is feasible. I shall study the report and submit my remarks on the same as soon as possible. In the meantime I would like to suggest that the Government of India may be requested to depute Sri K. Chidambaram, Deputy Commissioner (Fisheries Planning) who deals with the subject in the Ministry ~~(may be asked)~~ to visit Bangalore so that the broad outlines of the project may be discussed with him and with technical officers of the Port and Public Works Departments before specific further action is taken. This is for your kind necessary action if my suggestion is acceptable.

Yours sincerely,

Reference:- Your No.AF.86-VFS -63, dated 31st July, 1967. 4094

I am to invite your kind attention to the subject cited above and to say that a copy of the Preliminary Project Report on the Fishing Harbour at Malpe given by the Yugoslavian authorities may be forwarded for examination by this Ministry. As far as the fishing harbour at this port is concerned it will be covered by the Centrally sponsored scheme of "Provision of Landing and Berthing Facilities at Minor Ports" and carries a central assistance of 100% grant from 1.4.67. The items of work that are covered under the fishing harbour will be (i) protection works such as breakwaters and groynes ; (ii) construction of quays, wharves and jetties; (iii) dredging and reclamation ; (iv) slipways ; (v) auction approach roads in harbour auction hall and Packing hall, ice plant, cold storage etc, It may please be noted that no other constructions like boat ~~boat~~ building Yards, offices and quarters will be covered under the scheme.

It is also necessary that the details of the Project should be studied closely to ascertain the Foreign exchange requirements in consultation with other Ministries. The State Government is requested to let us have their views along with the report submitted by the Yugoslavian experts.

Note on the development of the Malpe Harbour as proposed by the Yugoslovian Team.

****

In the preliminary project report prepared by the Yugoslovian Team for the development of Fisheries Harbour of Malpe Port two alternatives for siting the harbour have been proposed. In the first proposal the entrance and the approach channel are provided by improving the existing Bar and by provision of short break waters at the mouth of the River. The Harbour Basin and the shore plants for Fisheries purpose are situated in the existing commercial Port area. The passenger facilities and Iron & Manganes Ore loading fadilities have been shifted to the West and East extremities respectively of the proposed ~~existing~~ Fisheries Harbour Basin Location. The existing approach road to these two commercial activities has been removed and separate alternate roads proposed circumventing the Fisheries Harbour.

This proposals undermines the interest of the commercial Port completely. The location indicated for passenger facilities has been found to be unsuitable and the banks have been washed away in the recent past. Hence it may not be feasible to establish any permanent passenger facilities at that point. The area proposed for shifting the Iron & Manganese Ore loading points is also not suitable for the purpose as the river shallows in that area and large scale investments may be required to creat adequate stacking area with wharves, jetties and other allied facilities. In other words this amounts to the extinction of the existing commercial port and creation of an entirely new Commercial Harbour at two divided locations which are prima-facie not suitable for the purpose and is likely to involve large investments and delay. Further the con-struction of the New Fishing Harbour at this site would put a stop to Commercial - Activies until alternative facilities are provided. This would mean that the contruction of the Fisheries Harbour may have to await completion of alternate proposals for Commercial Harbour which appears to be indefinite in the present circumst-

-difficulties. In case, it is desired to go ahead with the Fisheries Harbour straight away, the Commercial Activities would come to a stop till such time the alternate proposals are implemented which again is detrimental to the interests of the State. Besides this proposal depends largely on the success of the Model studies now being conducted at Krishnarajasagar and no definite decision can be taken at this stage regarding the details of the Harbour.

The alternate proposal proposed in the project report envisages construction of the Harbour Basin and Shore facilities on the vacant lands, to the West of the existing port facilities. This location does not interfere with the commercial Harbour and is therefore suitable to this Department. However, the proposed entrance channel appears to feed only the Fisheries Harbour Basin. It would be advantageous if the same approach channel could be made to serve the needs of the Commercial Harbour, thus avoiding the prevailing draft restrictions at the Bar. This could be achieved ~~either~~ by the cutting open ~~and~~ a boat channel connecting the Fisheries Harbour Basin with the river adjacent to the Commercial Activities. In the alternative the approach channel w to the alternate proposal of Fisheries Harbour may be developed along the existing entrance over the Bar so that the same approach may serve both the commercial requirements and Fisheries Harbour.

Date [illegible] 196 .

To

The Director,
Agricultural Planning Cell & Ex-Officio,
Deputy Secretary, Agriculture and Food Department.
Bangalore-1.

S i r ,

Referring to your letter No.AF 86 VFS 63 dated 24th October 67, I wish to inform you that as per the instructions of the Honourable Minister for P.W.D., arrangements have been made for Shri M.V.A.Setty, Chief Engineer, PWD Investigation of Hydro Electric & Irrigation Projects, Shri S,G.Balekundry, Chief Engineer, PWD Irrigation(North) and myself to visit Central Water & Power Research Station, Poona leaving Bangalore by Air on 27th instant morning.

As this is a very important and urgent visit and arrangements have already been made I am not in a position to attend the meeting on the 27th instant.

Yours faithfully,

[signature]

Director,
Mysore Engineering Research Station,
Krishnarajasagar.

Proceedings of the meeting held in the chambers of the Director, Agricultural Planning Cell & Ex-Officio Deputy Secretary to Govt. A & F Department, at 3.00 PM on 27-10-67 in order to discuss the feasibility report furnished by the Yugoslavia authorities concerning the proposed Fishing Harbour at Malpe.

- - - - -

Present:

1. The Director, Agricultural Planning Cell & Ex-Officio Dy. Secy. to Govt. A&F Dept.
2. The Director of Fisheries in Mysore Bangalore, Bangalore.
3. The Deputy Director of Fisheries, Mangalore.
4. The Executive Engineer, P.W.D., Ports Division, Karwar, N.K. District.

~~5.~~ The State Port Officer, Karwar, Director
~~6.~~ Fishery Engineering Research Station, Mangalore
~~7.~~ could not attend. However the State
~~8.~~ Port Officer has given his views which

The feasibility report furnished by M/s. Invest-Import Company of Yugoslavia was considered. The report contains two proposals. The first of which the basic solution for which detailed cost etc. have been worked out by the Yugoslavia authorities. Whereas, the second proposal being the alternative has not been worked out in details giving cost of construction etc.

Basic solution is found in the general plan No.1-M-1-03.01 in Volume-2 drawings. The proposal

bearing No.1-M-2.~~43.43~~ 03.03 " Site Plan alternative" Volume-2 drawings" mentions alternative proposal for which no details have been given. However, in the Report Volume-1 of page 2/7 in the last para the Yugoslavia authorities mentioned that the basic solution would be less costly to build and to maintain than the alternative proposal.

According to the plans mentioned above one essential point has been noted, but the result of which has not been taken into consideration by the Yugoslav authorities Viz., the Research work conducted in the construction of break-waters for the channel by Dr.Doddiah, Director of Mysore Engineering Research Station, K.R.S., Mysore. The research is still in operation and the finalisation of the same are awaited. Meanwhile, there is likelihood of the necessity of linking three islands by protective measures in order to safeguard the break-waters proposed to be constructed on the channel with a 14ft depth from siltation. Unfortunately, when the Yugoslav authorities conducted the survey this fact was not available and hence they have taken for granted that the basic solution offered by M/s. Invest Imports of Yugoslavia will be less costly than the alternative solution. Therefore, this cannot be taken for granted until the ~~finance~~ finalization of the experiments at the K.R.S. Research Station are made available.

3844 442 451

Meanwhile, it is desirable that Government of India should be addressed of the situation in view of their recent letter on the subject dated 30-9-67. Further M/s. Invest Imports of Yugoslavia may be addressed to advice State Govt. on the detailed cost, estimates etc. of the alternate plan which they had proposed in view of the fact that taking into consideration the possibility of erecting protective barriers and linking the Island to safeguard the break-waters in the channel. The total cost is likely to go up considerably. Therefore, it will be helpful for State Government to have an idea of the costs of the alternate plan vis-a-vis the basic solution presented by M/s Invest Imports Ltd. Yugoslavia.

In page No.2/6 Volume-1 of the Report in para dealing with 2.01.04 where variant solution of ~~of~~ fisheries Port -- the Yugoslavia authorities have pointed out the necessity for taking model ~~making~~ testings for the location of the approach channel in the alternate plan. This means to say that the Mysore Engineering Research Station at K.R.S. may be requested to under-take readings in this alternate plan also as a second line of action. Moreover, the committee felt that the Mysore Engineering Research Station should be requested to give top priority to these studies in view of the urgency involved in the construction of the fisheries harbour under the 100 percent centrally sponsored scheme ~~for~~ the construction of landing and berthing

355 453

facilities at minor ports generously offerred by Government of India from 1-4-'67.

The committee feel that this may be brought to the notice of Government and action taken accordingly.

No.AF [redacted] 86 VFS 63.

Bangalore,
Dated 28th Oct. 1967.

To

Invest-Import,
3 Ring Road, Lajpat Nagar III,
NEW DELHI-14.

Sir,

Sub: Preliminary Project Report on Fishing Harbour at Malpe, Mysore.

Kindly refer to your letter No.85324-RM/GR/IP/PB/67, dated 18th July 1967, regarding the above subject.

The preliminary Project Report on Fishing Harbour at Malpe in Mysore State has been examined in detail. I am directed to state that the report does not give details of cost estimates and drawings etc. of the variant solution of the Fisheries Port (para 2.01.04 Vol.I of the Report). This is considered necessary as the basic solution given in the report assumes no further cost in addition to the construction of break-waters and the Harbour Project only. Whereas at the research conducted by Mysore Engineering Institute at Krishnarajasagar Mysore, it has since been found that there is the likelihood of the necessity of linking the 3 ~~his~~ Islands opposite to river mouth as a protective measure to prevent siltation of the proposed channel in the river mouth.

Hence, it is requested ~~if~~ the detailed estimates of the alternate plan also ~~could~~ may be worked up and sent to State Government in the event, the findings of the research experiments at the

... 2

387 (4)

Krishnnarajasagara Engineering Research Institute enhances the cost of the basic solution.

State Govt. will appreciate your advice at your earliest convenience. It is presumed that this will involve no additional cost to state Govt. Please inform.

Yours faithfully,

(T.J. Ramakrishnan)
D.A.P.C.
A&FD.

Copy to the Secretary to G.O.I., Min. of Food & Agriculture, C.D & C. (Department of Agriculture), with reference to their letter No.25-2/66-FY(D), dated 30th September, 1967.

Copy of the proceedings of the meeting held to examine the proposal is enclosed herewith for kind perusal. Meanwhile the Engineering Research Station at K.R.S. are also being addressed in the matter and the Ministry will be kept informed from time to time of progress made on the subject.

II

DRAFT.

.Ar 86 VrS 69.

Bangalore,
Dated 28th October 1967.

To

Dr. Doddiah,
Director of Mysore Engineering
Research Station, Krishnarajasagara,
MYSORE.

Sir,

Sub: Preliminary Project Report on
Fishing Harbour at Malpe, Mysore.

I am directed to enclose herewith a copy of the proceedings held in the chambers of the Director, Agricultural Planning Cell and Ex-Officio Dy. Secretary to Government A & F Department, for your kind perusal. The State Government desire that the Engineering Research Station may kindly give top priority to the findings of the results of the experiments and tests conducted on the subject matter as the construction of landing and berthing facilities at minor ports for fishing vessels attracts central assistance of 100 percent grant. Further, opening up of Fisheries Harbour on modern scientific basis will open up tremendous potentialisites for the exploitation of rs rich sea potential in fisheries for the State Govt., particularly so when International assistance th. various agencies are forthcomging in this behalf. It is therefore requested that the matter may kindy be treated on top priority.

Further, it is requested that Yugoslav authorities have referred to the variant solution to the plan being an alternate to the basic solution on page 2/6 Volume-1 of the Project Report. Govt. will appreciate if tests may be conducted on the

... 2

389

suitability of the location of the channel as suggested in the variant to the basic solution in order to enable State Government to take an a view on the relative nature of the cost involved in the two proposals. M/s. Invest Import of Yugoslav are separately being addressed to provide detailed particulars, cost and estimates and drawings etc. of the variant solution, a copy of which is being endorsed to you. The preliminary project report copies are also with you.

An early reply is requested.

Yours faithfully,

(T.J. Ramakrishnan)
D.A.P.C., A&FD.

Copy for kind information to:

1. The Secretary to Govt. P.W.D.

Camp Bangalore 31.10.1967

The Secretary
Agriculture and Forest
Myssore State Government
Bangalore

Dear Sir,

Sub:Fishing Harbour at Malpe

Ref:Preliminary Report-Final site plan of the fishing harbour.

We are pleased to confirm herewith the discussion which undersigned had the pleasure and opportunity with your goodself in regard to subject of development of fishing harbour at Malpe.

1. As per the preliminary project report for development of fishing harbour at Malpe,there is the basic solution shown in site plan drawing No. 1-M-2.03.02 and the alternative site plan drawing No.1-M-2.03.03.
Which solution is to be selected finally has been kept open till the model tests are completed by Myssore Engineering Research Station at Krishnaraj Sagar for both proposals from the point of view of hydraulic behaveour and silting of the approach channel from the sea and sand bar in regards to obtain acceptable maintenance cost of the channel.
Due to the urgency of information on this subject,we mutually agreed that it would be the best to pay a visit immediatly to the Myssore Engineering Research Station at Krishnaraj Sagar and to discuss the problem at the spot.

2. On 31.10.1967 the undersigned has visited Myssore Engineering Research Station at Krishnaraj Sagar in company with Mr.Badami from Directorate of Fisheries, Bangalore and have discussion on the spot with Mr.S.Govindaraj Executive Engineer (Hydraulic) and Mr.S.Muddappa Assistant Engineer in charge of Port and Harbour.We have visited the site where the model test has been made and completed for Commercial Port as per order and instruction issued by the Port Officer of State Myssore.The main point in their task was to investigate the posibility to keep the depth of -20 feet in the approach channel.The experts of Myssore Engineering Research Station at Krishnanraj Sagar have experimented with model of diferrent depth and after taking into consideration all the facts obtainde from the model during the experiment they have got the result,that is posible to keep the depth of -14 feet in the channel without dificulty,but for the depth of -20 feet as per the model test,heavy siltation arise at ~~the~~ certain points and therefore they have to close the gaps between the islands in front of the entrance channel as additional brakwater to protect the approach channel from the siltation.
As per the opinion of the experts at the spot and subsequent discussion in their office it was pointed out,that from the studies so far carried out for the commercial harbour at Malpe,it is observed that -14 feet

Our ref.: RM/GR/67 Continuation sheet Page -2- 31.1o.1967

depth is available along the approach channel and though the bar with breakwaters of lengths 1.000 feet each on either side of the gut.This is in the case of the gaps between the island kept open.This approach channel may incidently be satisfying the requirements of the fisheries harbour propes. Any further improvment on this model test have to be studied by changing the lenghts or orientations of breakwaters.

As far as we are concerned we are convinced that the basic solution site plan Drawing No.1-M-2.03.02 may be accepted in principle as the most suitable and economic ~~xxx~~ solution for development of fishing harbour at Malpe without any further delay. It would be advisable to make the model test as per Drawing No.1-M-2.03.03 to find out most convenient position of approach channel (which coincidently happens to be more or less the same with the model test already completed) , length , type and position of breakwaters.

We understand that the Mysore Engineering Research Station at Krishnaraja sagar ~~xxxx~~ has received a complete set of preliminary project report for fishing harbour at Malpe before twenty days and may not go further into details because they have not received the order to make the model tests as per the Drawing No.1-M-2.03.02.

We,therefore, are requesting you to issue the order to Mysore Engineering Research Station at K.R.Sagar immediately to make the model tests as above mentioned. Model tests may be completed within three months' time and basically the obtained data will be important for final selection of land, orientation and design of breakwater.

3) We have noted the comments given by the State Ports Officer at Karwar regarding the location of the harbour. We are pointing out the views of the State Port Officer are based on the facts, giving priority to the commercial harbour and to avoid any additional expenses by them in develop ing the commerdial harbour at Malpe. We understand that at this stage the harbour at Malpe should be developed essentially as a fishing harbour leaving the possibility for further development of the harbour into a commercial harbour also. We are, therefore, selected solution of locations,the sites , for passenger, commercial, and iron and manganese ore harbour, leaving ~~xthex~~ adequate possibilities for development and construction of the harbour. As it may be seen from the site plan Drawing No.1-M-2.03.02 there is envisaged passenger harbour, commercial harbour in the basin itself, and site for iron and manganese ore cargo berth. We want to point out that the site for loading of iron and manganese ore should be located outside the fishing the harbour and plant because , in handling such material the dust is very much developed which will be brought by help of wind direct to the fisheries plant , what is not advisable. We consider that the Malpe harbour will be under the control of one Port Officer as harbour and there will no difficulty in manipulation with any special wharfs, whatsoever.

Sub:- Fishing Harbour at Malpe

Ref:-Preliminary Report-Final site plan of the fishing harbour.

We are pleased to confirm herewith the discussion which undersigned had pleasure and opportunity with your goodself in regard to subject of development of fishing harbour at Malpe.

1. As per the preliminary project report for development of fishing harbour at Malpe, there is the basic solution shown in site plan drawing No.1-M-2.03.02 and the alternative site plan drawing No. 1-M-2.03.03.

Which solution is to be selected finally has been kept open till the model tests are completed by Mys.Engg.Research Station at K.R. sagar for both proposals from the point of view of hydraulic behaviour and silting of the approach channel from the sea and sand bar in regard to obtain acceptable maintenance cost of the channel.

Due to the urgency of information in this subject, we mutually agreed that it would be the best to pay a visit immediately to the Mysore Engg.Research Station at K.R.Sagar and to discuss the problem at the spot.

2. On 31.10.1967 the undersigned has visited Mys.Engg.Research Station at K.R.Sagar in company with Mr.Badami from the Directorate of fisheries,Bangalore and have discussion on the spot with Mr.S.Govindaraj Ex.Engr.(Hydraulic) and Mr.S.Buddappa Assistant Engineer in charge of Port and Harbour. We have visited the site where the model test has been made and completed for Commercial Port as per order and instruction issued by the Port Officer. of State Mysore. The main point in their task was to investigate the possibility to keep the depth of -20 feet in the approach channel. The experts of Mysore Engg.Research Station at Krishnaraj Sagar have experimented with model of different depth and after taking into consideration all the facts obtained from the model during the experiment they have got the result, that is possible to keep the depth of -14 feet in the channel without difficulty,but for the depth of -20 feet as per the model test,heavy siltation arise at certain points and therefore they have to close the gaps between the islands in front of the entrance channel as additional brakwater to protect the approach channel from the siltation.

As per the opinion of the experts at the spert and subsequent discussion in their office it was pointed out,that from the studies so far carried out for the commercial harbour at Malpe, it is observed that -14 feet depth is available along the approach channel and though the bar with breakwaters of lengths 1.000 feet each on either side of the gut. This is in the case of the gaps between the island kept open. This approach channel may incidentally be satisfying the requirements of the fisheries harbour proposed. Any further improvement on this model test have to be studied by changing the lengths or orientations of breakwaters.

As far as we are concerned we are convinced that the basic solution site plan Drawing No.1-M-2.03.02 may be accepted in principle as the most suitable and economic solution for devt.of fishing harbour at Malpe without any further delay. It would be advisable to make the model test as per Drawing No.1-M-2.03.03 to find out most convenient position of approach chennel (which coincidently happens to be more or less the same with the model test already completed), length, type and position of breakwaters.

We understand that the Mysore Engineering Research Station at Krishnarajasagar has received a complete set of preliminary project report for fishing harbour at Malpe before twenty days

---2/-

398.

and may not go further into details because they have not received the order to make the model tests as per the Drawing No.1-M-2.03.02.

We therefore, are requesting you to issue the order to Mysore Engineering Research Station at K.R.Sagar immediately to make the model tests as above mentioned. Model tests may be completed within three months' time and basically the obtained data will be important for final selection of land, orientation and design of breakwater.

3)We have noted the comments given by the State Ports Officer at Karwar reg: the location of the harbour. We are pointing out the views of the State Port Officer are based on the facts, giving priority to the commercial harbour and to avoid any addl.expenses by them in developing the comml.harbour at Malpe. We understand that at this stage the harbour at Malpe should be developed essentially as a fishing harbour leaving the possibility of futther devt. of the harbour into a comml. harbour also. We are, therefore, selected solution of locations, the sites, for passenger, comml. and iron and manganese ore harbour, leaving adequate possibilities for devt. and constrn. of the harbour. As it may be seen from the site planDrawing No.1-M-2.03.02 there is envisaged passenger harbour, comml. harbour in the basin itself, and site for iron and manganese ore cargo berth. We want to point out that the site for loading of iron and manganese ore should be located outside the fishing the harbour and plant because, in handling such material the dust is very much developed which will be brought by help of wind direct to the fisheries plant, what is not advisable. We consider that the Malpe harbour will be under the control of one Port Officer as harbour and there will no difficulty in manipulation with any special wharfs,whatsoever.

4) We suggest at this stage to accept the basic solution for site plan Drawing No.1-M-2.03.02 in principle and proceed further with preparation of Civil Engg. Project detailed design for construction of the Port, as well acquire the land for this purpose. Simultaneously all other mechanical,electrical, industrial equipment and vessel design should be arranged.

We thank you very much for your kind cooperation and fruitful discussion and we assure you to our best cooperation at all times.

Public Works Department (PORTS)
Vidhana Soudha,
BANGALORE-1

Sir,

1708 Sub: Development of Fishing Harbour at Malpe

Ref: Your letter No.PWD 49 PSP 67 dated 5-12-1967

From the report of M/s.Invest-Import, Belgrade, Yougoslavia dealing with the development of fishing harbour at Malpe, it is seen that there are two proposals:

One which has been termed as the basic solution and detailed in Site Plan Drawing No.1-M-2.03.02. This envisages the use of the present entrance channel wherein they want a minimum depth of 4 meters (13.12 ft.) and a width of 40 meters (131.12 ft.). From the studies carried out so far, it can be stated that with two breakwaters of 304.8 meters (1000 ft.) each and directioned at S 80° W and N 63° W will give a depth of 4 meters (14 ft.) below L.W.O.S.T. The experiments have been carried out ~~with~~ Keeping the width of the entrance channel ~~being kept~~ at 121.9 meters (400 ft.). It will thus be seen that the basic requirements for the development of the fisheries harbour at Malpe with the entrance channel in its present location are met with and for this purpose no additional studies are necessary The entrance width of more than 40 meters (131.12 ft.) should not adversely effect the design in any aspect and perhaps it will be more helpful for future developments. Studies have been carried out keeping a width of 121.9 m. (400 ft.) to meet the requirements of the State Port Authorities.

Coming to the variant solution or the alternative proposal as detailed in Site Plan Drawing No.1-M-2.03.03, it may be mentioned that studies have to be carried ~~carried~~ out to find

out its suitability vis-a-vis the first proposal. If however the first proposal is to be accepted in principle as desired by M/s.Invest-Import in their letter No.RM/GR/67 dated 31-10-67, no additional model studies are required so far as proposal detailed in Drawing No.1-M-2.03.02.

I would also request like to confirm that the depth of 4.87 m (14 ft.) in the entrance channel is available with the construction of two breakwaters only and no other additional works like closing the gaps between the islands etc. are required. The question of closing the islands etc. will arise only in connection with the increase in the depth of entrance channel beyond 4 meters for the commercial port and has nothing to do with development of a Fisheries Harbour.

Yours faithfully,

Director,
Mysore Engineering Research Station,
Krishnarajasagar

Material for Press Note on Malpe Fishing Harbour

A Yugoslav Team of Experts visited Malpe and conducted a preliminary survey and collected the required data for preparation of preliminary project report for Malpe at the cost of Rs.1.57 lakhs and agreed to be paid as per the agreement entered into between the Government of Mysore and the Yugoslav firm, Messrs Invest Import. The preliminary project report has been prepared by the firm for the development of fishing harbour at Malpe and this report has been submitted to Government in July,1967. The following are the items envisaged in the Project Report.

1.	Approach channel, break water and harbour basin ..	Rs.650.360
2.	Fisheries Centre	Rs.7733.700
3.	Ship yard	Rs.8578.000
4.	Training centre	Rs. 890.150
	Total expenses on civil works ..	Rs.23,705.490

It may be seen that the estimated total cost on civil works is Rs.2.37 crores as against the original estimate of Rs.1.20 crores.

The Yugoslav Team of Experts in their preliminary report has suggested alternative designs for the construction of harbour works. These designs have been referred to the Mysore Engineering Research Station at K.R.Sagar for testing the model of both the designs in order to enable the Government to decide about the designs. As soon as the model tests are completed, Government will be in a position to decide the design.

SUB:- Fishing Harbours - development of - with ~~Yoslav~~ Yugoslav assistance -

REF:- Your note on the development of Malpe Harbour as proposed by the Yugoslavian Team dated 25-10-67.

Please refer to the notes sent by you for the meeting convened by Sri T.J. Ramakrishnan, Deputy Secretary to the Government of Mysore, Agriculture & Forest Department, Bangalore and to the subsequent discussions I had with you on the subject. Since the Engineering Research Station, Krishnarajasagar has indicated that the basic solution given in the preliminary project report is feasible according to the model tests carried out at Krishnarajasagar the Government intend that this should be taken up immediately. As indicated by me during our discussions the adoption of this basic solution is not likely to jeopardise the working of the commercial Port as feared by you. It is confirmed that the commercial activities would and could still be carried on in the basic ~~i~~at the place marked which is included in the Project. The location of the passenger jetty as shown in the plan may perhaps have to be changed and this could very well be done and the passenger jetty could also be located in the "commercial" wing marked in the plan. As Government have decided that the Ist alternative should be adopted I request your concurrence to this plan.

Office of the Minister of
State for Fisheries & Ports,
Vidhana Soudha, Bangalore-1.

The development of Malpe as a Fishing Harbour.

The preliminary Project Report submitted to the Government by M/s- Invest Import, Belgrade, Yugoslavia covers a comprehensive scheme for construction of a harbour with harbour basin for fishing vessels, approach channel of about 4.0 Meters depth with necessary break waters etc., modern fishing vessels, fish transport vessels, ice plant, freezing plant, cold storage, canning plant and can making plant, fish curing plant, fish meal and oil plant, ship yard, water supply, drainage, roads, fish transport vehicles, etc. The report recommends the utilisation of the present entrance channel for the entrance to the proposed fishing harbour with the construction of suitable break waters etc. If the model tests which were then being undertaken by at the Mysore Fishing Research Station, Krishnarajasagar indicated the feasibility of improving the depths in the entrance channels by such means. Rough estimate of cost of construction of such a fishing harbour have been given in the report. The report has also given an alternative solution for the fishing harbour with a separate project channel with back waters etc., directly from the sea in case the first solution is not feasible. No costs have been worked out for this alternative solution. The report prefers the first solution if the results of the model tests are favourable. Besides the harbour works, the Project envisages the introduction of a fleet of at least 30 such fishing vessels fully equipped. These vessels would be of 2 types i.e., vessels of 18.8 meters over all length, vessels of 26.05 meters over all length. The former would be used on grounds nearer Malpe while the latter would be used on distent grounds and would be useful if large quantities of tuna are located of such catches as well. This fleet would land about 25,000 tons of fish. The Project will include facilities for fish handling and preservation of processing, using different methods by freezing, canning, curing etc, and also for utilisation of trash fish to fish waste etc., for use as fish meal. Following is the break up of the expenditure on various items.

422
52

I Civil Engineering Works

		Rs.
1.	Approach Channel & breakwaters	27,28,500
2.	Harbour basin	37,75,140

5. State Port Officer, Karwar.
6. Executive Engineer, Ports Dvn., P.W.D., Karwar.

After discussion it was agreed that the basic solution furnished in the preliminary project report produced by the Yugoslav Team may be accepted with the condition that as and when the Indo-Pol Project Report on the six minor ports is produced suitable adjustments or modifications could be taken ~~t~~ into consideration in the implementation of basic solution given by Yugoslav Team in the Development of Malpe Fishing Harbour. The advantage of this basic solution is that this can be conveniently used both for fishing harbour and also for commercial cargo purposes. The variant solution given by the Yugoslav Team will be mainly for fisheries. The decision to implement the development of Malpe Fishing Port on the basis of basic solution may be further processed by preparation of plan~~ned~~ and estimates as well as necessary clearance from Govt. of India in regard to the items of expenditure as part of centrally sponsored scheme. Action will have to be taken by Secy., A. & F., Dir. of Fisheries, Secy.

P.W.D. Dr. Doddiah, Director of Mysore Engg. Research Institute, K.R. Sagar will constantly keep in touch with the Govt. with regard to the implementation of the Project and Govt. should also keep Mysore Engg. Research Institute fully in the picture of the implementation of the Project.

MESSAGE FROM SPECIAL COMMISSIONER MYSORE NEW DELHI
TO SHRI A MUNI SWAMY GOWDA, DEPUTY SECRETARY AGRICULTURE AND
FOREST DEPATMENT :
(MESSAGE FROM SHT.. SHRI T.J. RAMAKRISHNAN)
'' PLEASE ASK P.S.V. RAO TO WITHHOLD ACTION ON
FILE DEALING WITH MALPE FISHING HARBOUR TILL MY RETURN STOP''

2.30 pm

O.J. RAMAKRISHNAN.

Proceedings of the meeting held in the chambers of the Minr. of State for Fisheries on 29-7-1968 at 3 P.M.

P R E S E N T:

1. Minr. of State for Fisheries & Ports.
2. Secy., A. & F. I/c.
3. Dir. of Fisheries.
4. Dy. Secy., P.W.D. (Services).
5. U.S., P.W.D. (Ports).
6. State Port Officer, Karwar. (Captain Kumaran).
7. Mr. B. Grgich of M/s. Invest-Import of Yugoslavia, New Delhi.

A brief note on the development of Malpe Fishing Harbour with Yugoslav Assistance on the basis of increased costs since occurred prepared by Dir. of Fisheries is enclosed herewith.

2. The note furnished by Dir. of Fisheries was discussed. As a result of price rise and increase in expenditure, the following will be the broad break up of the Project:

	Rs. in crores
1. Civil Eng. works including designs and supervision.	3.50
2. Dredging and channel maintenance equipment.	1.50
3. Fishing Vessels, etc., including Fishing Centre equipment, processing plants, out door transportation vessels and other allied equipment, etc.	8.00
4. Shipyard equipment including ship repair facilities, workshop equipment, floating docks - 2 Nos.	3.50
	16.50

3. M/s. Invest Import of Yugoslavia will furnish State Govt. the broad breakup of civil engineering works estimated to cost Rs.3.05 crores giving portion of expenditure that will cover designs and supervision and portion of expenditure

547
438

that will cover materials supplies and execution.

(Action: M/s. Invest-Import of Yugoslavia, New Delhi).

4. A question was raised whether to give the project on a Turn Key basis to M/s. Invest-Import of Yugoslavia or operate departmentlly. This will require consultation with G.O.I. as civil portion of the expenditure in the construction of the harbour will be operated as a Centrally sponsored Scheme, the cost of the necessary infra structure being met by G.O.I. and State Govt. This will await consultation with G.O.I., Miny. of F. & A. and later in consultation with the Miny. of Transport, G.O.I.

5. Dy. Secy., P.W.D. mentioned that State Govt. is thinking of establishment of a State Construction Corporation that will be an Agency to execute civil works approved by P.W.D. and hence much of the normal delays occurring in civil construction of Govt. works will be avoided. If it is agreed to entrust the work on a turn-key basis to M/s. Invest-Import of Yugoslavia the State Construction Corpn., which is likely to come up soon will be free to offer their quotations for consideration in the execution of the Project.

6. One of the considerations that was pointed out by the State Port Officer in entrusting the work on a turn-key basis is the fact that M/s. Invest-Import of Yugoslavia can be held responsible for speedy execution of the work. Further, as a great deal of coordination is involved in the execution of the work and timely operations to make the Project a success it will be in the interest of Yugoslav party to the agreement to execute the work on time. In other words, the normal delays in execution when entrusted to P.W.D. could be avoided

if this approach is selected. This matter also is for consideration in consultation with G.O.I.

7. 8. The terms and conditions of implementing the Project with the Yugoslav Assistance will have to be finalised in consultation with the G.O.I. in the Miny. of Food & Agri., Miny. of Finance (Dept. of Economic Affairs) and if necessary the Miny. of Commerce. The Yugoslav proposal envisages transactions of repayment by means of fish catch particularly Tuna Fish and Fish Meal. This will be considered in consultation with the G.O.I. and if approved will find a place in the main agreement. Meanwhile, D.S., P.W.D. suggested that if Yugoslavia are interested in the import of iron-ore from the State, the same may also be explored if it can be accepted in repayment of debts incurred by State Govt.

(Action: Secretary, A. & F.).

7. Dir. Fisheries advised that it will be helpful if a D.O. letter can issue from the Minr. of State for Fisheries to Shri Annasaheb P. Shinde, Minister of State for Food & Agri., G.O.I. requesting that G.O.I. may kindly expedite the proposal sent by State Govt. as it is desired that State Govt. should finalise the issue of a letter of intent or letter of acceptance to the Yugoslav party preferably by the end of August, 1968. Secy., A. & F. I/c. agreed to submit a draft D.O. letter to the Minr. of State for Fisheries accordingly. (Action: Secretary, A. & F.).

8. Finally M/s. Invest-Import of Yugoslavia represented by Mr. Grgich has requested to furnish State Govt. a draft

551
440

agreement of the Project including items mentioned in the note under discussion together with other formalities attached to the main agreement without specifying details of items of expenditure, etc. The idea is that this draft agreement will form a working basis for State Govt. and G.O.I. to consider the speedy implementation of the Project. (Action: M/s. Invest Import of Yugoslavia, New Delhi).

N O T E

SUB:- Development of Malpe Fishing Harbour with Yugoslav Assistance -

---

Messrs. Invest Import, Belgrade, Yugoslavia have furnished the Preliminary Project Report on the development of fishing harbour at Malpe in July,1967 and since then the report had been under the consideration of the State Government. The report included a basic solution for the fishing harbour and also gave a variant solution if the model tests carried out at the Mysore Engineering Research Station, K.R. Sagar did not indicate the possibility of obtaining the required depth in the approach entrance channel as proposed in the basic solution. Since the required depth of minus 14' as reported to be obtainable with the construction of two breakwaters of 304.8 metres (1000') each and since the basic solution includes provision for the commercial port for its activities to be carried on, the Government have decided to adopt the basic solution and the same has been intimated to Messrs. Invest Import in letter No. dated

According to the estimate given in the preliminary project report the approximate cost of the project is as follows:-

I Civil Engineering Works:-

1. Approach channel & breakwaters	. . .	Rs.27,28,500
2. Harbour basin	. . .	Rs.37,75,140
3. Fisheries centre	. . .	Rs.70,16,100
4. Shipyard	. . .	Rs.83,81,900
5. Training Centre	. . .	Rs. 8,49,200
6. Communication	. . .	Rs. 1,46,200
7. Fresh water supply	. . .	Rs. 4,68,650
8. Sea water supply	. . .	Rs. 1,66,550
9. Drainage	. . .	Rs. 1,73,250
		Rs.237,05,490 or Rs. 2.37 crores
II. Fishing vessels with fishing gear, processing plant and equipments		Rs. 5.78 "
III Outdoor transportation		Rs. 0.12 "
IV Shipyard equipments		Rs. 1.03 "
TOTAL		Rs. 9.30 "

During discussions with Mr. B. Orgic of Messrs. Invest Import New Delhi it was indicated that since the above estimate was prepared some time back the revised cost on account of general increase in prices etc., would be as follows:-

Dredging and channel maintenance equipment Rs.3.50 crores

Contd....2.....

1.	Civil Engineering works	Rs. 3.50 crores
2.	Dredging and channel maintenance equipment	1.50 "
3.	Fishing vessels etc.	8.00 "
4.	Shipyard equipment	3.50 "
	Total	16.50 crores

The further steps to be taken to implement the project are as follows:-

(1) Concurrence of the Government of India:-

The State Government have already addressed the Government of India stating that the basic solution offered in the Yugoslav Report is agreed to and the Government of India may kindly confirm the central assistance for the enhanced cost of the project. The Government have also suggested that a meeting of the Secretary to Government of India, Ministry of Food, Agriculture, Community Development and Cooperation and Secretary to Government of India Ministry of Transport along with the State Minister for Fisheries and State Officers may be arranged for discussion on the implementation of the project.

The concurrence of the Government of India is required not only regarding the financial assistance admissible from the Government of India under the plan schemes but also on the following:

(i) Getting clearance from the DGTD for equipment to be imported.
(ii) Terms and conditions of the foreign contribution and the agreement to be entered into with Yugoslavia.
(iii) Terms and conditions of repayment of cost of equipment supplied by Yugoslavia under credit.

All the above items will have to be discussed with the Govt. of India and finalised with the greatest speed preferably by the end of August, 1968 according to the phasing indicated below:-

Phasing of the work:-

It is suggested that the project may be taken up either as a turn-key job or as a departmentally executed work based on the design plans and estimates to be furnished by the Yugoslavian experts. As a turn-key job the entire responsibility of the construction within stipulated period would fall on M/s Invest Import, Belgrade Under departmental execution, the work will only be supervised by Messrs. Invest-Import.

In either case, the following phasing may be adopted for execution of the project, provided the letter of intent is sent to Messrs. Invest-Import by end of August '68.

(1) Designing, planning & costing (By Invest-Import at Belgrade)	Sept.'68 - Jan. '69
(2) Obtaining approval and technical sanction to above designs by the Govt.of India.	Feb.'69 - March '69
Civil Construction work	- April'69 - Sept.'71
(4) Dredging	- Sept. '70 - Sept.'71
(5) Equipment supply	- Sept.'70 - Sept.'71
(6) Target date for completion of project.	- October '71

.....

Dear Shri Jagjivanramji,

Kindly refer to your Miny's letter No.25-2/66-FY(D), ted 30th September 1967 regarding development of fishing rbour at Malpe with Yugoslav Assistance. You have al- idy advised State Govt. that as far as Fishing Harbour this Port is concerned, it will be covered by the ntrally Sponsored Scheme "Provision of landing and berthing facilities at Minor Ports" and carries a Central assistance of one hundred percent grant from 1-4-1967. State Govt. have since informed G.O.I. in our letter of even number dated 19-7-68 that the basic solution offered by preliminary Project report of the Yugoslav Team is acceptable and requested that G.O.I. may kindly confirm the Central assistance for the enhanced cost of the Project. As the State Govt. attach a great deal of importance for the construction of the Fisheries Harbour at Malpe in order to facilitate deep sea fishing and increase fish catch, I shall be thankful if you will kindly assist the State Govt., the full hundred percent Central assistance for the landing and berthing facilities at Malpe Fishing Harbour on the basis of the Yugoslav report even though the cost has since risen due to various factors. I will be seeing you in this connection on 23rd Aug. 1968.

With regards,

Yours sincerely,

Shri Jagjivan Ram,
Union Minr. for Food & Agriculture,
Government of India,
NEW DELHI.

P.T.O.

Copy to:

1. The Secy. to Govt. of Mysore, P.W.D & E. Dept.
2. The Dir. of Fisheries, B'lore.
3. The State Port Officer, Karwar (Capt. Kumaran).

Dear Shri Goiwin Rose,

Kindly refer to your Ministry's letter No.25-2/66/ PY(S), dated 30-9-1967, regarding Development of Malpe Fishing Harbour with Yugoslav Assistance and our letter of even number dated 19-7-1968.

2. The Minister of State for Fisheries will be available in New Delhi from 19th to 24th August 1968. In this connection, it will be advantageous if the meeting proposed between the Ministry of Food and Agriculture and the Ministry of Transport in our letter of even number dated 19-7-1968 could be held at this time. On August 22, 1968 the Agricultural Prices Commission are holding a meeting for discussion with State Government on the procurement of prices and other policies. As the State Government is anxious to expedite starting of the construction of Fisheries Harbour at Malpe, it will be helpful if the proposed meeting may be convened as early as possible preferably between 19th and 24th August 1968 when the Minister of State for Fisheries and Ports will be available at Delhi. As the connected officers in the State viz., the Director of Fisheries, the State Port Officer, Karwar, Secretary to Government, Public Works Department and the Secretary to Government, Agriculture & Forest Department will also have to participate, I shall be grateful if you will kindly ascertain the convenience of the Transport Ministry and your Ministry and advise a date and time suitable so that it will be easy for us to settle the issues and take a view for expediting the work. Personally, I would suggest any date close to 22nd August, will be convenient as this will tie in with the discussion of the State Government with the Agricultural Prices Commission. Further, sometime back we received a communication from Government of India stating that in all matters of construction of Fisheries Harbour, we should invariably furnish plan and estimates as well as proposals for construction to Defence Ministry in view of the ~~secrecy~~ conditions. As the Fisheries Harbour has security implications, it will be helpful if State Government can have the advantage of representatives of the Defence Ministry at this proposed meeting in New Delhi even at the stage of inception. If you agree with me, you may kindly invite the concerned representative of the Defence Ministry also at the proposed meeting.

I presume the feasibility report given by M/s Invest-Import of Yugoslavia is available with you. I am also enclosing herewith a copy of the proceedings of the meeting held in the chambers of the Minister of State for Fisheries on 29-7-1968 as well as a brief note on the development of Malpe Fishing Harbour with Yugoslav Assistance.

...

With regards,

Yours sincerely,

Dear Sirs,

Sub: Preliminary Project Report at Fishing Harbour, Malpe - Mysore State.

I am directed to state that the Minister of State for Fisheries and Ports is likely to be in New Delhi between 19th and 24th August 1968. The subject of holding discussion with the concerned Ministries in Government of India regarding Development of Malpe Fishing Harbour with Yugoslav Assistance at this time is being considered. If the date and time is convenient to the concerned Ministries in Government of India, the meeting may be held by the Minister of State for Fisheries and Ports and other State Government Officers with the concerned officers and Ministers of the Government of India regarding Development of Malpe Fishing Harbour. If the Minister of State for Fisheries and Ports desires to have any discussion with you, I shall be pleased to get in touch with you at that time.

I am enclosing herewith a copy of the proceedings of the meeting held in the chambers of the Minister of State for Fisheries on 29-7-1968 for information and necessary action.

Yours faithfully,

19th Aug.,

Dear Sri Jagjivan Ramji,

Kindly refer to your Ministry's letter No.2(2)-2/66-FY(D) dated 30th September 1967 regarding the development of a fishing harbour at Malpe with Yugoslav assistance. You have already advised the State Government that as far as a Fishing Harbour at this Port is concerned, it will be covered by the Centrally Sponsored Scheme "Provision of landing and berthing facilities at Minor Ports" and carries a Central assistance of one hundred percent grant from 1-4-1967. We have since informed Government of India in our letter of even number dated 19-7-68 that the basic solution offered by preliminary project report of the Yugoslav Team is acceptable and requested that Government of India may kindly confirm the Central Assistance for the enhanced cost of the project. As the State Government attach a great deal of importance for the construction of the Fisheries Harbour at Malpe in order to facilitate deep sea fishing and increase fish catch, I shall be thankful if you will kindly assure the State Government the full hundred percent Central assistance for the landing and berthing facilities at Malpe Fishing Harbour on the basis of the Yugoslav report even though the cost has since risen due to various factors. I will be seeing you in this connection on 23rd August 1968.

With kind regards,

Yours sincerely,

(M.C. Linga[illegible])

Sri Jagjivan Ram,
Minister of Food & Agriculture,
Government of India,
New Delhi.

577 19th Aug., 68

Dear Sri Jagjivan Ramji,

Kindly refer to your Ministry's letter No.2[illegible]-2/66-FY(D) dated 30th September 1967 regarding the development of a fishing harbour at Malpe with Yugoslav Assistance. You have already advised the State Government that as far as a Fishing Harbour at this Port is concerned, it will be covered by the Centrally Sponsored Scheme "Provision of landing and berthing facilities at Minor Ports" and carries a Central assistance of one hundred percent grant from 1-4-1967. We have since informed Government of India in our letter of even number dated 19-7-68 that the basic solution offered by preliminary project report of the Yugoslav Team is acceptable and requested that Government of India may kindly confirm the Central Assistance for the enhanced cost of the project. As the State Government attach a great deal of importance for the construction of the Fisheries Harbour at Malpe in order to facilitate deep sea fishing and increase fish catch, I shall be thankful if you will kindly assist the State Government the full hundred percent Central assistance for the landing and berthing facilities at Malpe Fishing Harbour on the basis of the Yugoslav report even though the cost has since risen due to various factors. NOTE

SUB: Development of Malpe Fishing Harbour with Yugoslav Assistance --

--

Messrs. Invest Import, Belgrade, Yugoslavia have furnished the Preliminary Project Report on the development of fishing harbour at Malpe in July, 1967 and since then the report had been under the consideration of the State Government. The report included a basic solution for the fishing harbour and also gave a variant solution if the model tests carried out at the Mysore Engineering Research Station, K.R.Sagar did not indicate the possibility of obtaining the required depth in the approach entance channel as proposed in the basic solution. Since the required depth of minus 14' as reported to be obtainable with the construction of two breakwaters of 304.8 metres (1000') each and since the basic solution includes provision for the commercial port for its activities to be carried on, the Government have decided to adopt the basic solution and the same has been intimated to Messrs. Invest Import in letter No. dated

According to the estimate given in the preliminary project report the approximate cost of the project is as follows:-

I.	Civil Engineering Works:-		
1.	Approach channel & breakwaters	..	Rs.27,28,500
2.	Harbour basin	..	37,75,140
3.	Fisheries Centre	..	70,16,100
4.	Shipyard	..	83,81,900
5.	Training Centre	..	8,49,200
6.	Communication	..	1,46,200
7.	Fresh water supply	..	4,68,650
8.	Sea water supply	..	1,66,550
9.	Drainage	..	1,73,250
			237,05,490 or Rs.2.37 crores.
II.	Fishing vessels with fishing gear) processing plant and equipments		Rs.5.78 "
III.	Outdoor transportation		Rs.0.12 "
IV.	Shipyard equipments		Rs.1.03 "
		Total	Rs.9.30 "

Dear Shri Godwin Rose,

Kindly refer to my discussion held with you yesterday alongwith the State Director of Fisheries regarding courtesy call by the Minister of State for Fisheries and Ports, Shri H.C. Lingga Reddy on the Yugoslav Ambassador at New Delhi. The Minister of State for Fisheries and Ports, Government of Mysore met the Yugoslav Ambassador at his residence purely as a courtesy call in connection with the Development of Malpe Fisheries Harbour Project with Yugoslav assistance ~~Government~~ in consultation with the Government of India. No commitment or final statements have been given to the Yugoslav Ambassador. This was merely meeting the Yugoslav Ambassador since the Minister has come to Delhi for the first time after taking up the port-folio of Fisheries and Ports.

I request you to kindly to keep the Chief Protocal, Ministry of External Affairs informed in the matter.

Yours sincerely,
Sd.

Sir

Sub:- Development of Fishing Harbour

Fishing Harbour.

I am directed to invite your reference to the discussions the Secy, D of F had with the f. ig's Officers during his recent visit to Delhi on the development of Fishing Harbour at Kochi, when you were also present and to state as follows.

The Yugoslav repair envisages nearly Rs 2.37 crores for the construction of Harbour project alone. This is exclusive of Fishing Vessels, Cold Storage plants, Floating Docks, and other such like equipment, all of which will cost nearly Rs 9 crores. M/s Invest-Exports of Yugoslavia have since given the break up of the cost of designing, consultancy and supervision at nearly Rs 45,60,000/- and the cost of completing the Civil Engineering works will be Rs 3.04 crores. Hence the total cost of the Harbour construction will be Rs 3.5 crores. The Fishing Fleet to be f. ig's felt have Rs 45.6 lakhs

for the designing etc was on the high side and whether the F.I.P.O have also a policy decision that in matters where the technical know-how and the skills available in India should be utilised to the optimum level and the assistance from foreign consultants should be reduced.

Further the My. Director (ports) Ministry of Transport have also advised that the F.I.P.O should submit the current estimates of construction, repairs, interest and depreciation etc after getting it rationalised and corrected unofficially by the Development Advisor (ports), Ministry of Transport. In this connection the Ministry of Food & Agriculture are also willing to depute Mr. M.C. Devaiah, Asst Dir. of Fisheries to help you for the preparation of the necessary technical clearance reports, and to prepare a paper on the economics of the proposal. I am sending the expenditure portion of the finance committee items and also the relevant copies from the findings of Fisheries.

I am to invite your reference to the copy of the Report on the Fisheries Development (in 5 parts in draft) prepared by Mr. F.N. Mishra, Fy. Commissioner of Fisheries, F.I.P.O. and to request you kindly intimate whether necessary debate has since been prepared and whether Mr. Devaiah, Asst

---oOo---

I am directed to invite your reference to the discussions the Secretary, A & F had with the Government of India Officers during his recent visit to Delhi on the Development of Fishing Harbour at Malpe, when you were also present and to state as follows:

The Yugoslav report envisages nearly Rs.2.37 crores for the construction of Harbour project above. This is exclusive of Fishing vessels, Cold Storage Plants, Floating Docks, and other such like equipment, all of which will cost nearly Rs.9 crores. Messrs Invest-Imports of Yugoslav have since given the break up of the cost of designing, consultation and supervision at roughly Rs.45,60,000/- and the cost of completing the civil Engineering works will be Rs.3.04 crores. Hence the total cost of the Harbour construction will be Rs.3.5 crores. The Joint Secretary to the Government of India felt that Rs.45.6 lakhs for the designing etc., was on the high side and moreover the Government of India have also a policy decision that in matters where the technical know-how and the skills available in India should be utilised to the optimum level and the assistance from Foreign Consultants should be reduced.

Further the Deputy Director (Ports) Ministry of Transport have also advised that State Government should submit to the Government of India the current estimates of constructions net return, interest and depreciation etc., after getting it scrutinised and corrected un-officially by the Development Adviser (Ports), Ministry of Transport In this connection the Ministry of Food & Agriculture are also willing to depute Sri.M.C.Devaiah, Assistant Director of Fisheries to help you for the preparation of the necessary technical clearance report, and to prepare a paper on the economics of the proposal.

I am to invite your reference to the copy of the Report on Fisheries Development in 5 parts in India prepared by Sri.G.N.Mitra, Jt. Commissioner of Fisheries, Government of India and to request you kindly to intimate whether Sri.Devaiah, Assistant Director of Fisheries Government of India, has arrived to help you to prepare the Scheme and how the matter now stands.
